

Mayfield School Statement on Provider Access 2020-2021

COVID Statement

Over the duration of the coronavirus we are limiting the presence of outside providers on site. To supplement our provision, we are keen to encourage continued access through blended learning and other online opportunities.

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil entitlement: All pupils in years 8-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

Opportunities for access

Mayfield has a number of events, integrated into the school careers programme, will offer providers an opportunity to come into school to speak to pupils and/or their parents/carers. Please contact our Careers Leader to identify the most suitable opportunity.

We have a Careers programme integrated into our Secondary School Tutor system so please contact the Careers Leader for opportunities to visit in these sessions. We work with EBP South who are always looking for volunteers to train to help with delivery of their programme within our school.
