

Head of Pre-school and Nursery

Our topic will continue with the theme 'Autumn'. Children will be using 2d shapes to create Autumn related pictures, we shall also be learning how to respond to music with our imagination developing our locomotor skills.

Learning intentions linked to class subject:

- Create Autumn pictures using 2d shapes naming the shapes they have used;
- Sorting natural objects into groups by colour and size;
- Begin to ascribe meaning to the marks they make;
- Use musical instruments to create sounds we might hear in the night.

In pre-school the letter sound of the week is 'C'. We look forward to seeing your children's lovely creations.

Homework will be sent home each week linked to the class subject. Thank you for making time to support your children with their extra curriculum activity at home.

Reading book diary - could you comment if they enjoyed the story, could recall the story, or join in with repeated phrases and anticipate what happens next.

Regarding hot school dinners, we are not offering this at the moment, but it will remain under review.

Finally, I would like to thank you for your generous contributions towards the snack provision and your continued support to our pre-school and nursery.
