

History Progression of Skills, Knowledge and Vocabulary Map 2025-2026

+ Understanding the World	Foundation Stage					
	EYFS Statutory Educational Programme: Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children’s personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, nonfiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children’s vocabulary will support later reading comprehension.					
Past and Present	Foundation Stage 1 Power, Cause and Effect, Structures, Influence, Significance, Appreciation			Foundation Stage 2 Power, Cause and Effect, Structures, Influence, Significance, Appreciation		
	Remember and talks about significant events in their own experience. Begin to make sense of their own life story and family’s history. Show interest in different occupations. Understand who, what, where and why, in simple questions. Use a variety of questions, for example, who, what, where and why.			Talk about past and present events in their own life and in the lives of family members. Comment on images of familiar situations in the past. Compare and contrast characters from stories, including figures from the past. Understand questions such as when and how. Use a variety of questions, for example, when and how. Retrieve content from devices and use to facilitate discussions, allowing children to recall educational visits/ past events to enable them to connect to their wider community.
