1. What is a Publication Scheme

Under the Freedom of Information Act 2000 (FOI), all Public Authorities, including schools, must produce a register of the information they routinely make available to the public. This is known as a publication scheme. Our scheme follows the model approved by the Information Commissioner.

By adopting this scheme, our school commits to:

- Routinely publishing information that falls within the categories listed under Classes of Information
- Describing the information, we make available
- Explaining how that information can be accessed
- Stating any fees that may apply (for example, if paper copies are requested)
- Making the publication scheme itself publicly accessible
