

Geography

Can you create a map of your home and outdoor environment? What features will it have? Can you use a key?

History / English

Melbourne is famous for its market gardens and history of growing food. Can you interview someone who can talk about this, and share what they remember?

Music / Design Technology

Can you make a musical instrument? Will it be something to hit, shake, blow or strum? What tune will it play? What will you use to make it and why?

Art / Design Technology

- 1) Use your observation skills to make an accurate drawing of a plant.
- 2) What can you use to make a model of a minibeast? Why did you choose that material?
- 3) Can you use natural objects to make a habitat for minibeasts?

Staying Alive!

Plants, Minibeasts and our Environment.

Physical Activity

Outdoor Sport and Athletics - Can you use all of your physical skills to create an obstacle course? Will you need to climb over things, or wriggle under them. Can you add a challenge to hop or jump? Time yourself - Can you beat your time next week?

Science / PSHE

How does our environment affect our mood and feelings? Think about what makes you feel happy and calm. Can you create a poster to share these things with others?

Computing / Science

Pick a plant in your garden or near your house. Use a phone or tablet to take a photo of the plant from the same place every week to create a sequence of growth. What changes do you notice?

Religious Education / English

Churches, Temples, Mosques are sacred places. Why are they special places? Can you write a description of what they are like on the inside and what you will find there?

Tips for parents

These are a selection of activities for you to choose from - you do not have to complete them all.

If you can try and do one a week, you can send it into school virtually on a portfolio or physically with your child.
