

Literacy

This half term, we will be focusing on myths.

We will be looking at a variety of different myths, and using our new knowledge to write our own myth, by creating our own mythical creatures.

Numeracy

We will be focusing on:

Counting in thousands, hundreds, tens and ones

Place value

Comparing and ordering numbers

Making number patterns

Rounding numbers

Science

This half term, we will be looking at 'animals including humans'. This topic will help us understand the various parts of the digestive system, food chains and tooth decay. We will be conducting an experiment to find out the effects of different drinks on our teeth.

ICT

We will be looking at E-Safety. We will be considering the importance of being responsible and safe whilst using technology.

Art/DT

We will be practising adding texture to our artwork by using shading and lines. We will also be creating a Viking shield.

History

We will be looking at the Vikings this half term and finding out about how their lives were different to ours. We will be looking at the importance of their invasion in England all those years ago.

Music

During this half term, we will be looking at different styles of music and discussing what instruments may be used in each genre of music.

PE

We will be looking at athletics and invasion games with Mr Tomes this half term. PE will be a Tuesday and Thursday. No earrings on these days please.

'Invaders' Autumn 1

4R

KEY

Creating our own Viking names and writing them in Runes.

LOCK

Inviting a Viking into school to meet with us!

PSHE

In this theme we will be looking at how our actions and attitudes make a difference to our class team. We will be finding out why it is important to make people feel welcome, and not to exclude anyone.

RE

We will be learning about Christianity this half term, focusing on main beliefs, special places and special festivals that are celebrated by Christians.
