Finding patterns

Observing over time

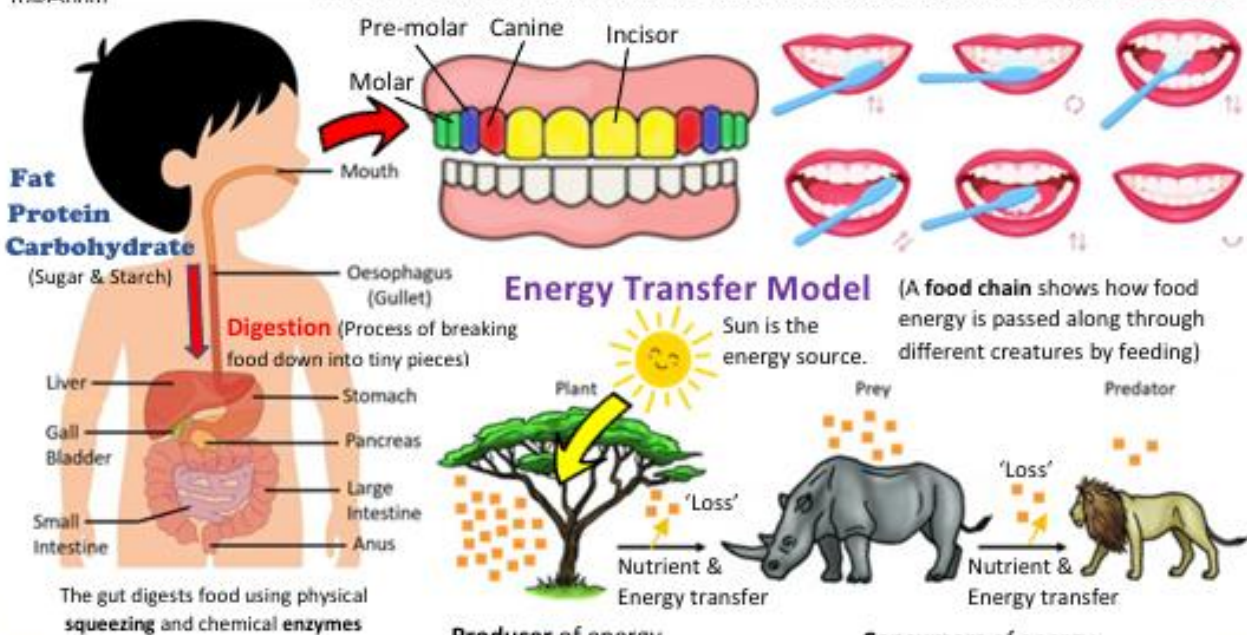

Fair testing

Key Knowledge

- Know the functions of parts of the digestive system in humans.
- Know the types and functions of teeth. Know how to care for your teeth.
- Construct and describe a range of food chains.

Big Picture Model (Makes sure you can **name** types of teeth and parts of the digestive system. Make sure you can **describe their jobs** (functions) and can say how they work together to carry out digestion)

Key Words

nutrition
nutrient
carbohydrate
protein
fat

pattern

energy
transfer
digestion
physical
chemical

trend

churning
enzyme
teeth
incisor
canine

link

relationship

molar
oesophagus
stomach
acid
intestine

conclusion
