Key Knowledge

- Know the properties and uses (applications) of a range of materials.
- Know the properties of solids, liquids and gases.
- Know shape can be changed by squashing, bending, twisting and stretching.

Key Words

material	elastic	waterproof	dull	solid
property	squash	absorbent	transparent	liquid
application	bend	rough	opaque	gas
rigid	twist	smooth	conductive	vapour
flexible	stretch	shiny	non-conductive
