

## Maths

### Daily

Spend time on **Maths Shed**  
Practise on [Times Tables](#)  
[Rock Stars](#)

### 5 minute maths sheet

Main lesson - **White Rose**  
Maths – watch the video and  
then complete the activity.

## Reading

### Daily

Read for **at least 5 minutes** a day,  
ideally to an adult. This could be a  
book from home, Oxford Owl free  
online books, magazine or a comic,  
reading with a sibling.

<https://home.oxfordowl.co.uk/>

### Weekly

Guided Reading lessons for each day  
are on the sheets provided.

## English

### Daily – Quick SPAG

English - **See the daily English plan**

### Explore facts and opinions:

<https://www.bbc.co.uk/bitesize/articles/zn4dqp3>

We will research and find information. See  
the English plan. Any sheets you need are  
attached and labelled with the day.

## Give me 5! Vocabulary

**Knowledge**  
**information** facts  
research opinions

Can you find out their  
meaning? Can you use  
them in a sentence?

**Science**- I add Science  
experiments, usually 2 or  
3 a week, on Dojo.

**Knowledge has a beginning but no end. Agree or disagree?**

**Week beg 29.6.20**

**The Wider Curriculum** Here are some activities linked to our learning this week to complete. Try to complete at least three in a week. Can you increase your general knowledge?

1. **Science** – find out what plants need to stay alive. Then find out what animals need. Compare the lists. Which needs more? Why?
2. **Historical events** – find out about a historical event eg: the moon landings, the invention of the internet, the Great Plague, the discovery of the Americas. Research could be: reading, making notes, writing facts or creating a factsheet. You do NOT need to record anything.
3. **Geography** – can you name 10 capital cities? Find 10 and learning them! (HINT: I would choose some that I already know.) Practise. How quick can you recall them? Play Beat the Parents.
4. **Music** – How has music tried to improve people's knowledge? Find out about Band Aid. What was it for? How did it add to people's knowledge? What, if anything, did it teach us?
5. **Science** – Find out about a natural phenomenon eg: rainbows, snow, icicles, wind, tornadoes, hurricanes, wind, rain.
6. **Art** – choose an artist that we haven't found out about. What can you find out about them and their artwork?

### Spelling - Ideas to learn them...

Look cover write check, write 5 x each, write in a sentence etc (these are the same as on the half termly sheet)

Group 1 lecture  
literature mature  
mixture moisture  
sculpture signature  
temperature texture

Group 2 and 3

Night knight blew  
blew hole whole  
because so that or

### Other things to try...

Remember to continue to be active every day. How many keepie-uppies can you do with a ball?

*Remember to keep a healthy mind.  
Take a few minutes each day to clear your mind.*

***Have a go at the SINGING on Dojo School Story page.***

**Try something new** - This week why not choose something that interests you, anything. Find out 5 things about it. Or why not pick 5 places in the world that you would like to visit. Find out about one of them.
