

S-Plan Geography

Lesson 1- Prior learning/locational knowledge

Revise continents, oceans, world map, map of UK, Hull, Cleethorpes, Grimsby

Location of Cleethorpes on map of UK, locate UK on world map, in Europe

Continents of the world, five oceans of the world name and locate on map

Activity Recall quiz information from last year's unit.

Label continents and seas on a world map.

Lesson 2 – Why is the Humber bridge a landmark in our local area and UK?

Know that the Humber Bridge is one of the top ten largest suspension bridges in the world and is still the longest in the UK

Know that the Humber Bridge spans the river Humber joining its north and south banks

Know that the Humber Bridge was opened in June 1981

Know that the river Humber is a tidal estuary

Know that the river Humber is located in the north east of England separating the counties of Yorkshire and Lincolnshire

Activity Follow a map from Cleethorpes to Hull. Stop at the Humber Bridge and use Google maps to have a look at the structure of the bridge.

What is a suspension bridge? What impact did the bridge have on the communities either side of the Humber? Plot our journey on map of UK.

Lesson 3- What are the key landmarks of Scotland?

Know that Loch Ness is a lake in the Scottish Highlands

Know that the Edinburgh castle is a key landmark of Scotland

Know the key features of the environment the landmark is located in

Know the key purpose of the landmarks

Activity Use our UK map to travel up to Scotland. How will we get there? What landmarks will we pass? Have photos of Edinburgh castle– why is it there, what are its features, what makes it a landmark?

Lesson 6- Outcome- What and where are the wonders of the UK?

Activity: Write a guidebook of attractions or a trip advisor review of one of the landmarks.

Lesson 4- What are the key landmarks in Wales?

Know that Mount Snowdon is the highest mountain in Wales

Know that the Millennium Stadium is located in Cardiff, Wales

Know the key features of the environment the landmark is located in

Know the key purpose of the landmarks

Activity

Watch video of climbers on Mount Snowdon

Lesson 5- What are the key landmarks in Ireland?

Know that :-

the Giants Causeway is located on the coast of Northern Ireland

Giant Causeway was the result of an ancient volcanic eruption

The Titanic Belfast is a museum in Northern Ireland

he key features of the environment the landmark is located in

Activity Discuss how we would travel to Northern Ireland. Play on a map. Work out how many miles we have travelled.

Research the Giant's Causeway. Identify on photos/ aerial views. Make observations about the surround-
