1. Aims

The aims of relationships and sex education (RSE) in our Trust are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

RSE at Middlethorpe Primary Academy support the school's ethos and values:

- Inspire and nurture a love of lifelong learning.
- Promote respect and teamwork to build relationships in academy, with families and the community.
- Challenge learners to have the will and skill to exceed both our and their own expectations.
- Enable the development of fantastic learning behaviours that are transferable to life beyond our academy.
- Equip our pupils with the skills and confidence to express opinions, listen to others, reason and debate.
- Develop pupils that reflect upon their learning in order to celebrate achievements and continually grow.
- Encourage risk-taking in learning, value and learn from our mistakes.

2. Statutory requirements

As a Trust we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

We do not have to follow the National Curriculum but we are expected to offer all pupils a curriculum that is similar to the National Curriculum including requirements to teach science which would include the elements of sex education contained in the science curriculum.

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At The Enquire Learning Trust we teach RSE as set out in this policy.

This policy complies with our funding agreement and articles of association.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a Director pulled together all relevant information including relevant national and local guidance

2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
4. Pupil consultation – we investigated what exactly pupils want from their RSE
5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

6. Delivery of RSE.

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Pupils also receive stand-alone sex education sessions delivered by a trained health professional.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At Middlethorpe Primary Academy, we believe children should understand the facts about human reproduction before they leave primary school so we teach this following the Jigsaw guidance as part of the Summer 2 unit Changing Me.

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

7. Roles and responsibilities

7.1 The Board of Trustees

The Trustees will approve the RSE policy, and hold the Principal to account for its implementation.

7.2 The Principal

The Principal is responsible for ensuring that RSE is taught consistently across the academy, and for managing requests to withdraw pupils from [non-statutory/non-science] components of RSE (see section 8).

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Principal.

All class teachers and HLTAs have responsibility for teaching RSE at Middlethorpe Primary Academy.

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the [non-statutory/non-science] components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The Principal will also invite visitors from outside the academy, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Monitoring arrangements

The delivery of RSE is monitored by the Principal through: enquiries and lesson observations.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by the Board of Trustees annually.
