Ideas to help with Phonics at home

Phonics play have some free games you can play at home with your child. We have learnt all the sounds in **Phase 2**. Your child can practise saying each sound and then blend the sounds together to read the words.

<https://www.phonicsplay.co.uk/resources/phase/2>

Over the course of next term we will learning about key workers. If you are a key worker and would like to share information about your job with the children, please email your child's class teacher to let them know. We don't know the form this 'sharing' will be able to take yet due to Covid but, at the very least, it would be you sending in some photos with an explanation of your job role. We look forward to hearing from you.

Bumblebees@millbrook.swindon.sch.uk

We are so sorry that Pridey Friday hasn't been able to happen these past two terms due to Covid. Keep checking our blog to keep informed about what we have been learning about in school.

Target Tracker

All parents/carers should have received a login to access Target Tracker. If you have any problems, please contact your child's class teacher using the class email.

e-books

Using your Floppy's Phonics log-in, you can access a range of e-books at the level your child is reading. This is currently Level 1+ as the children have not been taught all the Level 2 phonemes yet. Please watch our Phonics tutorial on the blog for more information on how we teach your child to read and write.

Huge congratulations to the children for 3 fantastic performances of 'Our First Nativity'. We are SO proud of them. Thank you for all your support with providing costumes and helping your child to practise their lines. Have a wonderful Christmas and a very Happy New Year!
