

Year 2

Section A - The Human Life Cycle

1. To know that humans produce babies that grow into children and then into adults. (NC Science)
2. To understand that babies grow inside a female body until they are ready to be born. (NC Science)

Section B - Growing Up

3. To consider the ways they have changed physically since they were born. (NC Science)

Section C - Personal Responsibilities

4. To consider their responsibilities now and compare these with when they were younger. (CAB)

Section D - Parents, Carers, Families

5. To understand how the needs of babies and young children are met by their families. (FP)
6. To understand that not all families are the same, but that love and care should be at the heart of all families. (FP)

Relationships And Sex Education

Healthy & Safer Lifestyles

Relationships and Sex Education

- How do babies change and grow? (Statutory NC Science Y2)
