Monitoring and tracking

There are robust systems now in place for monitoring and tracking PP pupils which involves class teachers and all members of the senior leadership team including the SENCO. This will continue.

In addition during the academic year 2015 – 2016 we will

- Further develop the use of Pupil Tracker to monitor, set targets and track attainment and progress of PP pupils
- Extended the use of Pupil Tracker as a diagnostic tool on a termly basis to help analyse effectiveness of intervention and provision funded through the Pupil Premium Grant.
- To employ a SEN TA with responsibility for supporting children with SEMH needs.
