

CLASS R TIMETABLE
Week beginning 01.06.20

Dear Class R. This week, some of you may be returning to school with Mrs Lewis and Mrs Egerton, and you can follow this plan Wednesday – Friday. For those of you who are not, Mrs Smith will be staying home too and setting you some special tasks that we can do together on Mondays and Tuesdays. You will find these by clicking the video links below. Today also marks the start of The Wildlife Trust’s ‘30 Days Wild’. Each day, everyone, whether you are at home or school, will have a special wild task to complete. I hope you enjoy them! From Mrs Smith ☺

	Maths: 20 minutes	Literacy: 20 minutes	Other	Ongoing
	Start this week’s activities by watching the video of Mrs Smith reading ‘Superworm’ or reading the story together at home or in class. https://youtu.be/nhJowskf6zw			Tricky Word booklets can be found on the Class R webpage
Day 1 (For children at home)	Before you watch today’s video, make sure that you have these resources ready: Pencil and piece of paper in a 2x3 grid. https://youtu.be/7gA0BOdiMVQ	Before you watch today’s video, make sure that you have these resources ready: Pencil and piece of paper. https://youtu.be/OoHDgWszZuM Text for ‘Silly Sentences’ activity: Mark fed the cat. Gail, dog, hid, moon	Challenge 1: Design a bird Create a new species of bird. You could draw or make it. Think about where it will live and what it eats. Give your bird a special name. I would love to see some pictures of your new creations! 	Reading: 10 mins Handwriting: practise with Mrs Smith using: https://youtu.be/oVbdeB_Y8U8 PE: Go for a ride on your bike or scooter, or choose an activity from the table below.
Day 2 (For children at home)	Before you watch today’s video, make sure that you have these resources ready: Pencil, ruler and piece of paper in 3 columns. https://youtu.be/P4OWAKGhwio	Before you watch today’s video, make sure that you have these resources ready: Pencil and piece of paper. https://youtu.be/VNfwPQjS8PY 	Challenge 2: Make a bird’s nest Think about a nest. What shape are they? What material are they made from? How big does it need to be? Have a go at making a nest from natural materials either for a real bird or your new bird. After you have finished, dismantle your nest and leave the nesting material outside for birds to use.	Reading: 10 mins Handwriting: practise with Mrs Smith using: https://youtu.be/jV4SWBbkYFs PE: Go for a ride on your bike or scooter, or choose an activity from the table below.

<p>Day 3</p>	<p>Superworm looks a bit like our number lines! See if you can create your own worm number line from 1-20. When you have done that, try starting at different numbers.</p>  <p>Challenge: Can you make a number line that counts in 2s? Can you make one that counts backwards?</p>	<p>Chose a book at home and have a look at the cover on the front and back. What can you see? What do you notice?</p> <p>Have a go at creating a new cover for the story of 'Superworm'. Make your pictures big and bold and don't forget to add the title!</p> <p>If you have time, you could add a blurb to the back of your cover, which tells readers what the story is about. Don't forget your capital letters, full stops and finger spaces!</p>	<p>Challenge 3: Look at the clouds. Look up at the sky, but do not look directly at the sun! Spend some time looking at the clouds – sometimes they can look like shapes of things we know, like animals or vehicles. See what you can spot in the clouds. Maybe you could draw or write down the different pictures you can see in the clouds.</p>	<p>Reading: 10 mins</p> <p>Phonics: Choose an activity from your tricky words booklet to help you practise.</p> <p>Number: https://www.bbc.co.uk/iplayer/episode/p077rl69/numbersongs-counting-cars</p>
<p>Day 4</p>	<p>Time yourself doing Superworm super moves.</p> <p>See how many star jumps you can do in 1 minute, or how many hula-hoops you can do in 30 seconds. Think up your own super moves and time yourself, trying to beat your record each time.</p> 	<p>Imagine you are the Wizard Lizard, writing your food shopping list. What would you like to eat this week? Flies? Slugs? Ants?</p> <p>Write a list to give to the servant crow so he can get you all your favourite treats!</p> <p>Challenge: Write your own recipe and instructions for Bug Pie!</p>	<p>Challenge 4: Feel the wild between your toes! Find a space outside and take off your shoes. Feel the different surfaces – what do they feel like? Try out squelching your toes in the grass, water, sand or even mud to see how they feel different.</p> 	<p>Reading: 10 mins</p> <p>Phonics: Choose an activity from your tricky words booklet to help you practise.</p> <p>Number: https://www.bbc.co.uk/iplayer/episode/p077rkj2/numbersongs-hen-house-hop</p>
<p>Day 5</p>	<p>Challenge 5: Make an A-Z of nature Write the alphabet on a piece of paper or in a notebook, with each letter of the alphabet on a new line. Go into the garden or for a walk in your neighbourhood, taking your list with you. Think about what you can see, smell, and hear in nature. Try to fill in the alphabet using the things around you, e.g. W for wind, G for grass, B for bumblebee. Look under rocks, up into high tree branches, and peer into hedges to find as many species as you can. Head back inside and see how many letters of the alphabet you managed to complete. If you have any missing ones, see what you can think of in nature that would fit in the gaps.</p>			

If you do not have a school writing book to record work in, please use any paper that you have available at home.
