Day 5

If you need to, use today to have a 'catch-up day' to finish off any of the activities that you have not managed to do so far this week.
If you have finished everything, you could have a go at this challenge today:

Where do different fruits come from?

Choose a selection of different fruits and see if you can find out where in the world they come from and find the place on a map. How does the fruit grow? Is it on a tree, on the ground or somewhere else? Does it have a seed and what does it look like? Can you eat the whole fruit or just part of it?
