FRIDAY FLYER

Newsletter No. 14
 12th March 2021

Dear Parents and Carers,
 The better weather this week has certainly lifted our spirits along with lots of fun and redness on Red Nose Day!
 After months of free-flowing traffic, our car park seems to have become a problem again due to some inconsiderate parking. We all want the same things – to collect our children quickly and safely, and to get home without fuss and bother. Please plan your arrival time to fit with your allocated collection time and please disperse from the site quickly to allow others to do the same. **The turning circle is only ever for very brief collection and drop off. If you are getting out of your car for more than a minute you are not using it correctly.** Animals should not be brought onto the school site if this can be avoided. Thank you for your continued co-operation.

Class R were very excited that it was their turn for Forest School this week. The sun shone for us and we had a fun, active morning playing games, hunting for animals, noticing signs of spring, playing on the rope swing and toasting marshmallows. Thank you to all the grown ups for helping us enjoy such a fun morning. *Mrs Lewis*

Years 3 and 4 had a brilliant session exploring electricity. The morning involved investigating static electricity then moved on to building actual electrical circuits. All the children were very successful building circuits and had great fun whilst learning.
