## FRIDAY FLYER

Dear Parents and Carers,  
The Prime Minister's announcement to move the deadline for relaxation of Covid-related restrictions to 19<sup>th</sup> July will have an impact on our summer events. Unfortunately, we will not be able to hold our usual summer events again this year. As far as we can tell at this stage, the Class 5 and 6 Kilve trips will still go ahead as planned. Please see future editions of the Friday Flyer for more news about other events. We are in the process of designing our gradual release of Covid restrictions in school, and we will communicate our plans to you very soon.

**Staffing news:** Mr Coupe will be stepping away from his Assistant Headteacher role from September, but we are delighted that he will continue as a full-time class teacher. Mrs Lewis will step into the Assistant Headteacher role in September. Mrs McDonagh will return to teaching Class 1 for two days next year, and we will welcome Mrs Vanessa MacCormick to work with Mrs McDonagh in the Class 1 job-share from September. Mrs MacCormick is an experienced primary teacher and will work with us until Mrs Atterton returns from her maternity leave.

**Mr Stead**

## ~~~~~Science Fair 2021~~~~~

### **Years R to 2 winners:**

**1<sup>st</sup> – Elis: Microbes and Microscopes**

**2<sup>nd</sup> – Archie N: Plants**

**3<sup>rd</sup> – Sidney: Eggs**

*Tilly – Bees - Highly Commended for presentation*

### **Years 3 to 6 winners:**

**1<sup>st</sup> – Elsie: Hair**

**2<sup>nd</sup> – Jessica: Baking Powder**

**3<sup>rd</sup> – Hannah: Stop an Apple Turning Brown**

*Luke – Momentum - Highly Commended for scientific content*

*Thomas – Barometers and Thermometers - Highly commended for scientific content*

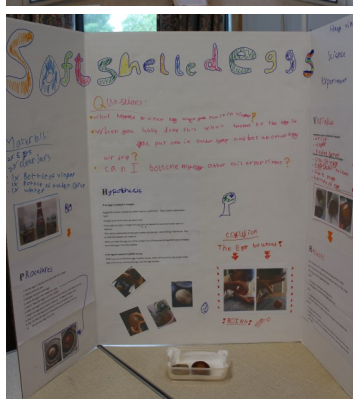

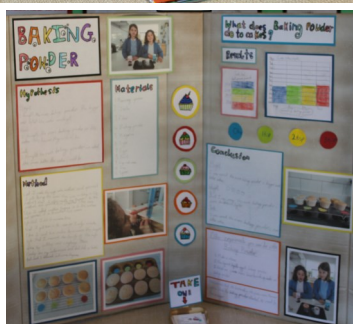

*Lewis – Bridges - Highly Commended for scientific content*

*Iris – Salt Water - Highly Commended for scientific content*

*Tabitha – Water Creatures - Highly Commended for creativity*

*Tilly – How does a volcano work? Highly Commended for presentation*

*Mathilda – Do Some Rocks Absorb Water? Highly Commended for scientific content*

## Newsletter No. 24 18th June 2021

### **Diary Dates**

#### **Forest School Wednesdays:**

Monday 21st June—Class 3\*\*

23rd June—Class 2

30th June—Class 1

7th July—Pre-school\*\*

14th July—Class R

21st July—Class 4 in the morning,

Class 2 in the afternoon\*\*

\*\*New/change of dates

#### **Monday 5th July**

Whole School Soft & Real

Archery sessions

Please ensure your child has their PE kit in school

#### **Monday 5th & Tues 6th July**

Class 5 Bikeability

#### **Wednesday 7th July**

Move-up day in school

#### **Monday 19th & Tues 20th July**

Year 6 day trips to Kilve Court

#### **Wednesday 21st July**

Year 5 trip to Kilve Court

#### **Friday 23rd July**

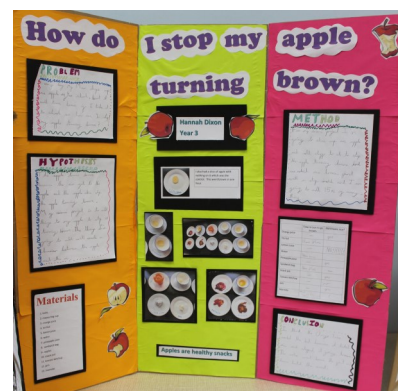

Inset Day

#### **Monday 6th September**

Inset Day

#### **Tuesday 7th September**

School opens for Autumn Term

All the staff and children were amazed at the high quality and wide variety of topics that were investigated for this year's Science Fair. It made judging the competition incredibly difficult – but enjoyable. Thank you to everyone who took part and to the parents for supporting them. You should all be extremely proud of your efforts and achievements.

*Mrs Calnon*

# OUTSTANDING LEARNERS OF THE WEEK

**Pre-School**

**Otis and Tilly** for always being so kind and caring to everyone.

**Class R**

**Ethan** for really challenging himself in own learning time producing amazing Maths and excellent observational drawings.

**Class 1**

**Freddie, Jess and Henry** for their enthusiasm for telling the time.

**Class 2**

**Monty** for his fantastic writing this week.

**Class 3**

**Iris** for her outstanding story opener in English and her clear, perceptive explanations in Geography. Iris used a range of high level vocabulary in both these subjects. Well done!

**Class 4**

**Archie S** for producing a brilliant poem using rhyming couplets.

**Class 5**

**Finley** for making some really good choices during our assessments this week.

**Class 6**

**Lucas and Bea** for showing great enthusiasm with all aspects of the school play. You consistently put 100% effort into your acting and singing and do so with big smiles. Well done!

On Tuesday 15th June, Class 5, along with Class 3 and 4, experienced a lesson from the Bournemouth Symphony Orchestra in their Digital Somerset residency. We were introduced to different instruments of the orchestra such as a tuba and the violin. We heard what they sound like and what they were made out of ; violin - wood and tuba - brass. Then, on Thursday 17th June, we watched a live orchestral concert online that we all enjoyed. They played the following instruments; flute, harp and cello. We had a chance to send them some questions, such as: "How long have you been playing musical instruments for?" by Adele, "What does it feel like to perform live?" by Isaac .W, "How did the musicians get into playing their instruments?" by Faith and "How long does it take to learn a piece of music?" by Isabel. We then joined a Zoom meeting, having sent through our questions. At the Zoom meeting our questions were mentioned and responded to. It was really interesting to learn more about these different instruments and learn how they work. We really enjoyed it. Thank you to Mrs Calnon for organising this for us.

by Adele with help from Isaac W and Faith

House Points	Weekly Total	Half Term
London Plane	124	963
Cork Oak	154	1191
Blue Cedar	226	1379
Horse Chestnut	122	1133

This week the children in Classes 4 and 5 have had a visit from PCSO Louise Fyne. She spoke to Class 4 about the role of the police and road safety. The children listened brilliantly, asked

some excellent questions and learnt a great deal. Class 5 were educated about anti-social behavior, choices, consequences and responsibilities. The children participated in discussion, answering questions in the pack they were given. We would like to thank PCSO Louise for her time and we are looking forward to her return to find out more about keeping safe in our community and making good choices.

Mr Coupe and Mrs Nicholls

Class 5 have done some work on Purple Mash. You are probably wondering what it is and how it works? Purple Mash is a great exploring resource that you can do various subjects on . You can use this resource from age 4 all the way up to 12 . We went on a 3D modelling program called 2Design and Make and we designed houses, sheds and trucks. As we were going along we were looking at the 3D version of our models, the net of our models and the plan of our models (please see the picture). Mr Coupe led us through this process and he also showed us the net of our model and printed it out then we put together our designs. In the end, Mr Coupe loved all of the lovely designs. We also had a variety of shapes and colours in our marvellous designs. As we went on, we started adding the windows and the grill on our trucks. by Bobbi and Orla
