A special little poem for Class 4 as you know Miss Brown enjoys poetry 😊

School will be shut and you may be stuck in your home,  
But always remember you're never alone.

It's ok to feel worried or even sad,  
When the whole world around us feels crazy and mad.

Your Milverton School family are here for you,  
So keep your spirits up and we will too.

Let's rally together and keep on smiling,  
This virus will not stop each of us from shining.  
You may be missing your classmates and friends,  
So use your time for learning, fun and building dens.

Don't always stay indoors and sit on the settee,  
Or at the computer and watching TV.

Stay active and healthy and get some fresh air,  
Make the most of this time that is so rare.

Reading, writing, make the most of this chance,  
A time for love, laughter and even a dance.

Before you know it, things will be normal again,  
So keep up your high spirits from now until then.

The world might seem strange and oh so tragic,  
But always remember...KINDNESS AND LOVE SPREADS LIKE MAGIC!! 😊
