Care has been taken in compiling this data and it is believed to be accurate at the time of publication. LCC cannot accept responsibility for any interpretation or action based on the information. Extracts from this data may be reproduced, provided LCC is acknowledged as the source.

Participation categories

DfE require Local Authorities to count and report destinations data in a format to reflect the Raising of the Participation Age (RPA) statutory guidance which now includes young people up to age 18. This report categorises destinations to include those outcomes that 'Meet the Duty to Participate'.

Participation is defined as those young people who are in:

- Full time study in a school, college or with a training provider
- Full time work or volunteering (20 hours or more) combined with part time education or training
- An apprenticeship

Participation also includes those age 16 or 17 serving a custodial sentence.

Not Participating includes: Employment without study, NEET (not in education, employment or training) and those whose current destination is unknown because they cannot be contacted or have refused to disclose what they are doing.

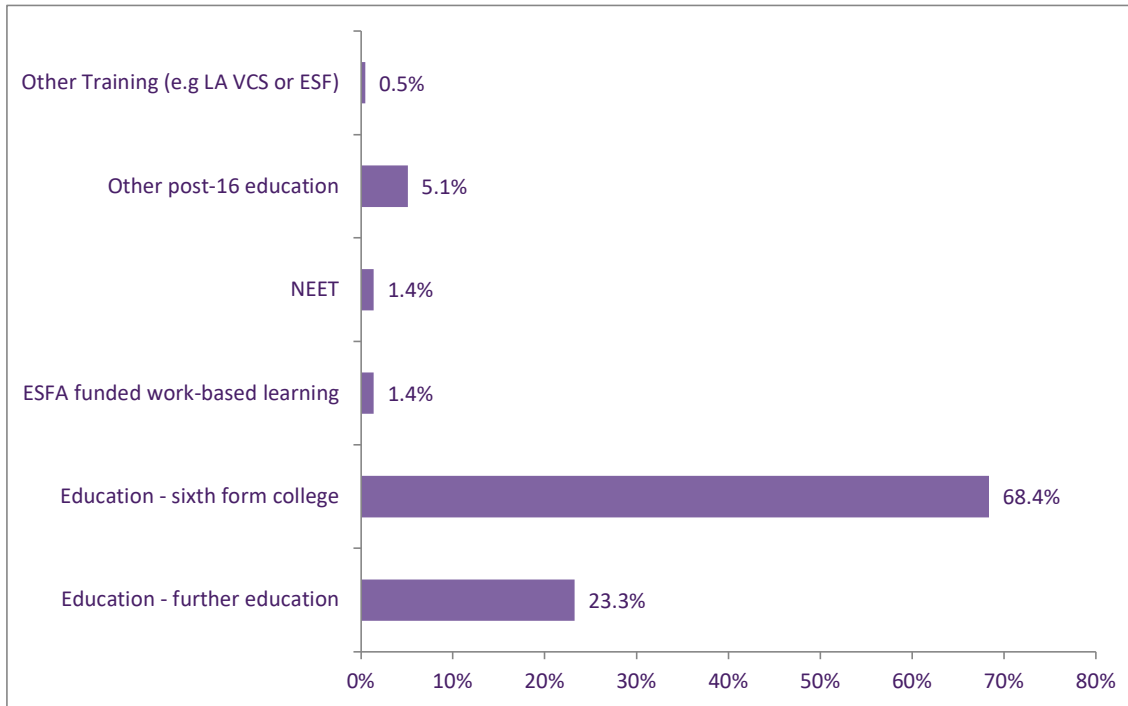

Temporary Break From Learning includes: Illness, pregnancy and teenage parents.

Working Towards includes: Those who are in re-engagement provision, or have a start date agreed for Participation.

From a total 2024 cohort of 215, **3 students (1.4%) were not participating by November 1st**. Connexions will endeavour to engage and support these individuals for the next two years, as well as those from the 2023 cohort who are not participating.

What your 2024 Year 11 leavers went on to do:

Definitions

Apprenticeships: Employment funded through government supported training.

Education: Includes school sixth form, sixth form college, further education college, part-time education, home study and juvenile offenders age 16/17 in a custodial institution.

Employment with study: Employment that provides training or is combined with part time study that leads to a regulated qualification that can be found on Ofqual's Register of Regulated Qualifications.

Employment without training: Employment that does not provide any training leading to a regulated qualification, employment with other training but not leading to a regulated qualification, temporary employment and part-time employment.

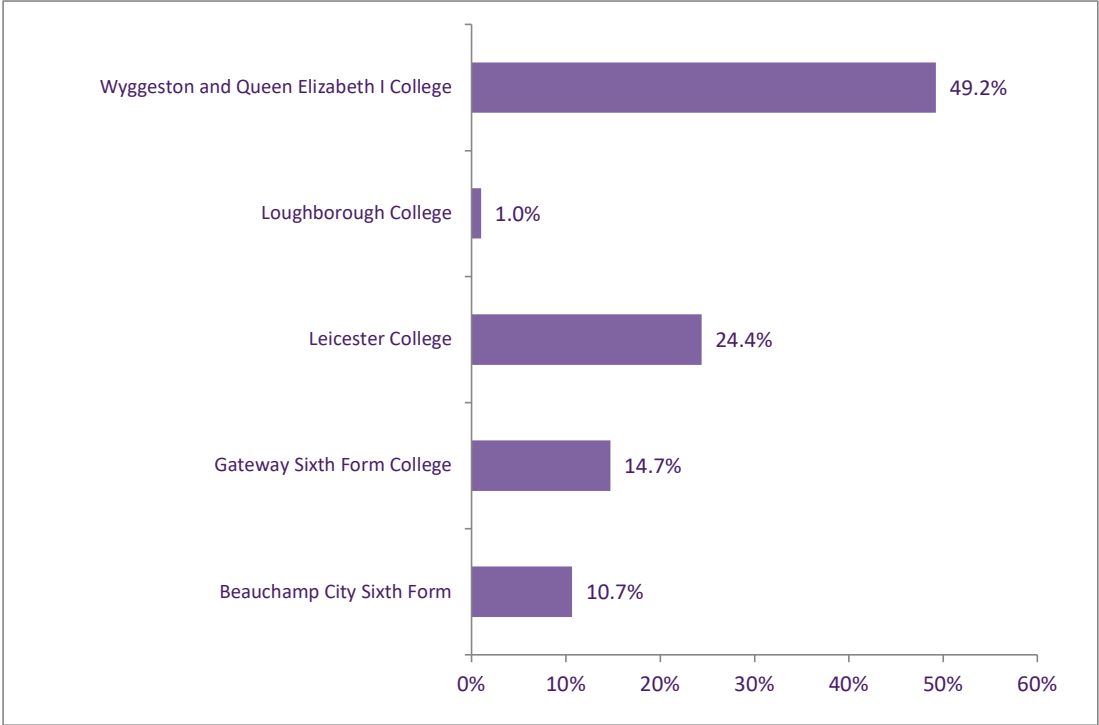

NEET: Includes those undertaking voluntary work, being available to the labour market, young carers, teenage parents, illness, pregnancy, unlikely to be economically active.

Other: Includes asylum seekers without citizenship, moved out of contact, no response, refused to disclose activity.

Training - foundation learning: Education Skills and Funding Agency (ESFA) funded

Training - re-engagement activities: Provision that has been put in place specifically to help young people who face significant barriers to participating post-16.

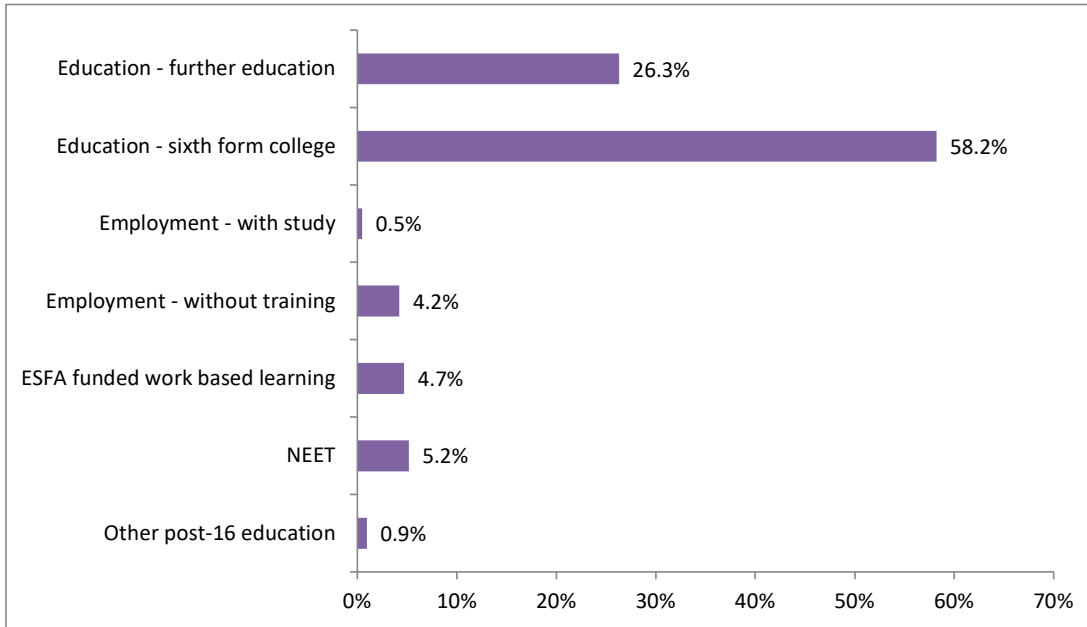

Full-time education by provider:

Full-time education by level:

What your 2023 Year 11 leavers were doing in January 2025:

What your 2023 Year 11 leavers were doing on November 1st 2023*:

**Please note the destinations data for 2023 has been amended as there was an error in recording 6th form college destinations as further education. The data in these 2 categories has been updated to reflect the error. apologies for any confusion, an updated version of last years report is available on request.*
