Head of School: Chris Marston

Tuesday 5th July 2022

Dear Parents,

I hope this finds you well.

I wanted to send a quick note to let you know that following careful consideration and an in-depth demo, we will be trialling the adaptive, online education platform, Atom Prime. This will be used from September as a home learning online platform in just Years 5 and 6 (Class 4).

Prime should facilitate greater personalisation and a more granular approach in the support we're able to provide for Maths, Reading and Grammar. To put it simply, I will set the work online, your child logs in to Atom Prime and completes it – it's that easy!

Creating your parent/guardian portal and login details

You will receive a secure link to create your Atom Prime Parent/Guardian Portal when our trial begins. This is a necessary part of our safeguarding provision as Atom can be used outside of school e.g. to complete a homework assignment.

When your child logs in, they will find a short Baseline Assessment has been assigned to their 'To-Do List'. Please note, this assessment is only there to facilitate an initial academic profile in terms of strengths and areas for development; it is low stakes and should be completed independently whenever your child has sufficient time.

More information will follow in due course but do let me know if you have any questions in the meantime.

Best wishes,

Mrs Catto
