Term 5 - Tomorrow's World

'In Gods eyes, everyone is special'

English

Text messages, emails, websites, blogs and podcasts. There are so many ways to communicate. Learn how to set up a class blog and build a homepage on a subject of your choice. Suggest ways to improve your school website, and hopefully the headteacher will listen to your ideas. Discover the movers and shakers in the world of technology, the people who've shaped the modern world. Perhaps you might be a visionary for the next generation. Build robots and circuits, break codes and investigate gadgets galore. Why not write a thriller narrative in the style of Anthony Horowitz? Then, on request from MI99, build a website for a new Spy School. What pages will it need? One for gadgets? A secret lunch menu? You decide. Let's start today on Tomorrow's World. Linked text: *Stormbreaker* - Anthony Horowitz

Science

In Term 5 Science we will be looking at light: its sources; How does it travel? How do we see? Did you know that light is electro magnetic radiation which travels in particles called photons? A look into the world of light and how we see.

Maths

In maths we will be looking at Place Value, Number, fractions, The four operations and revising topics already taught to ensure that we are ready for the next step in our education journey. This approach is a whole school approach to ensure that children are fluent in the core skills required for their next year groups.

Hello!

It's the summer term! The sun is shining, the birds are singing and all is good. To start a massive congratulations to all those who completed the Easter Topic work, its been great learning about Military Bunkers in Greenland, Footballers, Dance and of course The Vamps. It was also good to see a wide range of different presentation media used from powerpoint to artistic sketches.

Thank you for all your hard work and please if you have any concerns.... dpasola@mandm.school

Regards

Mr Pasola, Mrs Horton and Mrs Webb

ICT

In term 5 clearly all our work has an ICT focus. We are very interested in coding and therefore I recommend the website. www.code.org as a way to introduce the children to the joys of writing computer code.

RE

Judaism. What does it mean to be Jewish in Britain today.

Included in this will a look at anti-Semitism and how this led to events in the holocaust.

PE

Athletics: Do we have the next Dina Asher Smith? Or are we more track and field and power events?

Foundation subjects

<u>History-</u>	Technological discoveries, History of computing
<u>Geography-</u>	Innovation sites of the world. Where was the internet invented and by whom?

Below are some words that the children will come across during their learning that they might be unfamiliar with that you might like to help them understand:

<u>Science</u>	<u>Topic</u>	<u>Maths</u>	<u>English</u>
Light	Cyberspace	place value	chronological
Source	Malware	hundredths	report
Beam	software	tenths	factual
Ray	hardware	hundredth	sequential
Electromagnetic algorithm		thousandth	accuracy

Websites

Topic-	https://www.informationweek.com/strategic-cio/it-strategy/8-stem-websites-to-excite-kids-about-tech/d/d-id/1317975
English -	BBC Bitesize and the Oak academy
Maths-	BBC Bitesize is a great resource here. Timetables rockstars Numbots

Homework on Teams

As we move into an increasingly technological world our homework and many other items of interest will be placed on Microsoft teams for you all to access remotely. During the Spring term Mrs Gilder sent everybody their logging in and password details to Microsoft teams. Please check your email inboxes and junk folders for these, if you do not have them please email Mrs Gilder and she will provide them. Work set will need to be uploaded back on to Microsoft teams for me to look at and feedback too.

Important term dates for Term 5
