The Board agreed document can also be signed by all governors. All new governors and members will receive a copy to read and sign as part of their induction process. This Code should be read in conjunction with the governance handbook and relevant law.

Once approved by the governing board, the Code will apply to all governors and members.

SCHOOL NAME:

The Federation of Minster and Monkton Church of England Primary Schools

VISION / ETHOS STATEMENT:

For the Federation process we have drawn on the story of the Road to Emmaus (Luke 24: 13-35). In this story, two disciples are journeying together talking about recent events. Someone, they later recognise to be Jesus, joins them and joins in the conversation reshaping what they know. When they eventually recognise who it is, the risen Jesus disappears; they return transformed to tell their story.

This story reflects the journey that the two schools have been walking together in recent times and how, through the process of Federation, the journey ahead will be one of transformation and growth.

Three values from this story are central to the Federation process for our two schools:

Recognition – what are we seeing
Communication – what are we saying
Transformation – how can we change and grow

These three values will underpin the process towards Federation and the continued working together of the two schools.

The governing board has adopted the following Code of Conduct

Purpose of the governing board

The purpose of governance is to provide confident and strong strategic leadership which leads to robust accountability, oversight and assurance for educational and financial performance. The governing board is the key strategic decision-making body in the schools, setting the strategic framework and ensuring it meets all its statutory duties. High quality effective and ethical governance is key to success in our school and for the future of our pupils. Ensuring the best possible outcomes is at the heart of a governing body's strategic role; every child has the right to reach their potential.

The governing board has the following core strategic functions:

Ensuring clarity of vision, ethos and strategic direction by:

- Setting the vision, values, and objectives for the schools
- Agreeing the school improvement strategy with priorities and targets
- Being the strategic key decision maker with decisions made in the best interest of pupils and our purpose
- Delegating operational matters to executive leaders and governance functions to committees as appropriate
- Being connected with, and answerable to, the communities we serve, particularly parents/carers.
- Meeting statutory duties

Holding executive leaders to account for the educational performance of the organisation and its pupils, and the effective and efficient performance management of staff by:

- Appointing the Executive Headteacher
- Performance managing the Executive Headteacher
- Robust holding to account for improving pupil and staff performance by asking the right questions.
- Workload consideration
- Rigorous analysis of data
- Monitoring and evaluating progress towards targets
- Contributing to school self-evaluation

Overseeing the financial performance of the organisation and making sure its money is well spent by:

- Ensuring financial probity
- Setting the budget
- Monitoring spending against the budget
- Ensuring value for money is obtained, with the money well spent
- Ensuring risks to the organisation are managed

Collectively as a board we agree the following:

- **Organisational purpose.** Our board is clear about the purpose of the schools and ensures these are being delivered effectively and sustainably.
- **Leadership.** Our schools are headed by an effective board that provides strategic leadership in line with the school's strategic aims, values and culture including the values and virtues to preserve the religious character of the school and a commitment to fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance for those of different faiths and beliefs. Our board bases our effectiveness on the six key features of effective governance: Strategic leadership; Accountability; People with the right skills, experience, qualities and capacity; Structures that reinforce clearly defined roles and responsibilities; Compliance with statutory and contractual requirements; Evaluation to monitor and improve the quality and impact of governance.
- **Integrity.** Our board acts with integrity, adopting values and creating a culture which helps achieve the schools purpose. Our board is aware of the importance of the public and stakeholder confidence in our schools and governors undertake their duties accordingly, abiding by the Nolan Principles of public office (see Appendix 1) including avoiding placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. Before acting and taking decisions, governors must declare and resolve openly any perceived conflict of interest and relationships.
- **Decision making, risk and control.** Our board makes sure that its decision making processes which follow our required statutory procedures, which act solely in the interest of pupils, are informed, timely, impartial and fair, using the best evidence and without discrimination or bias, and that effective delegation, control and risk assessment, and appropriate management systems are set up and monitored. Further, our board assesses the risks attached to safeguard and promote pupils' welfare by abiding and role modelling the school's culture to encourage pupils to respect other people with particular regard to the protected characteristics set out in the Equality Act 2010.
- **Board Effectiveness.** Our board works as an effective team, using the appropriate balance of skills, experience, backgrounds and knowledge to make informed decisions as informed by the governance competency framework.
- **Diversity.** Our board's approach to diversity supports its effectiveness, leadership and provides sufficient diversity of perspectives to enable robust decision making.
- **Openness and accountability.** Our board leads the schools in being transparent and accountable. Our board and schools are open in its working- particularly to ensure transparency of decision-making.

As individuals on the board we agree the following:

- We accept and abide by the Seven Nolan Principles of Public Life (see Appendix 1).

- When making decisions we will act objectively, impartially and fairly. We will use the best evidence, and without discrimination or bias, be dispassionate when exercising judgement and analysis solely for the good of the pupils.
- Upon communicating formally within our governing role we will ensure any comments reflect the school/organisation policy even if they differ from our personal views

- We will encourage open transparent government and will act appropriately.

- We will actively support the Executive Headteacher and senior leadership team but challenge their expectations and hold them to account for school performance.
- We understand, accept and respect the differences between the strategic board role and the staff day to day operational and management role, avoiding actions that may undermine these arrangements.
- We understand, accept and respect the differences between the strategic governor role and any other which we may undertake within the schools as a parent, professional or volunteer.
- We agree to adhere to the school rules and the policies and procedures we approve as a board as set out by the relevant governing documents and law, including complying within the required timeframe to apply for an enhanced criminal records certificate from the DBS and any subsequent DBS.
- We agree to abide by the school e-safety protocols for social media and when communicating in a private capacity will strive to uphold the reputation of the schools. We will always use social networking sites responsibly and ensure that neither our personal or professional reputation, nor the school's reputation is compromised by inappropriate postings.

Commitment

- We acknowledge that accepting office as a governor/local governor/member involves the commitment of significant amounts of time and energy.
- We will **each** involve ourselves actively in the work of the governing board, and accept our fair share of responsibilities, including service on committees, panels or working groups.

- We accept that in the interests of open government, our full names, date of appointment, terms of office, roles on the governing board, attendance records, relevant business and pecuniary interests, category of governor and the body responsible for appointing us will be published on the school's website until 12 months after our service has ended.
- In the interests of transparency, we will commit to updating our pecuniary and business interests as soon as possible.
- In the interests of transparency, we accept that information relating to governors/local governor/members will be collected and logged, until 12 months after our service, has ended on the DfE's national database of governors (Get Information About Schools) with updates to any changes made as soon as possible.
- In following statutory requirements will ensure we are registered with GovernorHub, the KCC maintained school statutory database and keep our contact details up to date.

Relationships

- We will strive to work as a team in which constructive working relationships are actively promoted.
- We will express views openly, courteously and respectfully in all our communications with other governors/trustees/academy committee members, the clerk to the governing board and all school staff.
- We will support the chair in their role of ensuring appropriate conduct both at meetings and at all times.
- We are prepared to answer queries from other board members in relation to delegated functions and take into account any concerns expressed, and we will acknowledge the time, effort and skills that have been committed to the delegated function by those involved.
- We will seek to develop effective working relationships with the lead Executive Headteacher, staff and parents, the local authority and other relevant agencies and the wider community.

Confidentiality

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of staff or pupils, both inside or outside school.
- We will exercise the greatest prudence at all times when discussions regarding schools arise outside a governing board meeting.

Conflicts of interest

- We will record any pecuniary or other business interest (including those pertaining to people we are related to and connected with) that we have in connection with the governing board's business in the Register of Business Interests, and if any such conflicted matter arises in a meeting we will offer to leave the meeting for the appropriate length of time and accept that the Register of Business Interests will be published on the school's website.
- We will also declare any conflict of loyalty at the start of any meeting should the situation arise.
- We will act in the best interests of the school as a whole and not as a representative of any group, even if elected to the governing board.

Breach of this code of conduct

- If we believe this code has been breached, we will raise this issue with the chair and the chair will investigate; the governing board will only use suspension/removal, ensuring statutory guidance, procedures and regulations are followed, as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.
- We understand, in maintained schools, we are expected only to exercise the power to remove an elected governor, with a five-year disqualification term, in exceptional circumstances where the actions or behaviour of the elected governor warrants removal rather than suspension.
- Should it be the chair that we believe has breached this code, another governing board member, such as the vice chair, will investigate.

APPENDIX 1. THE NOLAN PRINCIPLES

The Seven Principles of Public Life

(Originally published by the Nolan Committee: The Committee on Standards in Public Life was established by the then Prime Minister in October 1994, under the Chairmanship of Lord Nolan, to consider standards of conduct in various areas of public life, and to make recommendations).

Selflessness – Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

Integrity - Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

Objectivity - In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

Accountability - Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

Openness - Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

Honesty – Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

Leadership - Holders of public office should promote and support these principles by leadership and example.
