Awesome class for little ones

Cannot recommend Football Fun Factory and Mikey enough. Our son (Sam) has come on leaps and bounds since starting and absolutely loves his time there and tells everyone about it. He was a bit wild but quiet there at first but now he follows the instructions and loves to get involved. Mikey is amazing, such a good leader with the children. Highly recommended.

Football Fun Factory is fantastic

Football Fun Factory is fantastic! My two daughters have had such a positive experience and have loved their sessions! Richard and his team are so supportive and encouraging, a great after school activity!
