Wednesday 19th October 2022

Dear Parents and Carers,

To relaunch excitement in Numbots (class 1 and 2) and TTRockstars (Class 3 and 4) we are having a dedicated maths day on **Friday 4th November 2022.**

On this day, we would like all children in Class 1 and 2 to come dressed up as a Robot and all members of Class 3 and 4 to dress like a Rockstar! These can be based on the Numbot robots and their TTRockstar avatars or they can be from their own imagination. There will be certificates for the best dressed so release their inner rocker and their futuristic robots.

Class 1 and 2

During this week children will be introduced (Class 1) to Numbots and shown how to move through the app. There will also be dedicated time in class on the day to allow them to increase the number of coins they have and to move through the story. At the end of the day every child will go home with a certificate to celebrate their current Numbot level with extra special certificates for those who complete the level on the day.

Class 3 and 4

You will be having in class competitions to find your top 5 times table rock stars in the week leading up to our relaunch. These children will then go head-to-head in a knockout TTRockstars Multiplayer arena session in front of the whole school! There will also be a battle of the bands throughout the day where each year group will be going to head to head to find the winning band! All of which will be announced before the end of the day.

So, over half term get those creative juices flowing for a Robot costume (Key Stage 1) and a Rockstar outfit (Key Stage 2) and practise those maths skills. Especially those times tables in the upper school. We are really looking forward to this event and hope the children will be to.

Mrs. Guilder

(Maths Co-Ordinator)
