Inspiring Excellence Together

---

January 2025

Dear parents/carers,

Please may we ask for your co-operation in an important manner.

One of our pupils is receiving medical treatment that affects their immune systems, which puts them at **high risk** if they are exposed to an infectious disease such as measles, chickenpox or shingles.

**Please let us know immediately** if your child is suspected of having measles, chicken pox, shingles, or any other infectious disease, as the pupil may require treatment for this. It is also important that you let us know if there is shingles in your household.

Your child is not at any risk from this situation. However, the health and wellbeing of our pupil who is at risk, does depend on the co-operation of all other parents and we hope you can help us.

With many thanks.

Yours sincerely,

**Mr S. Careless**  
**Headteacher**
