May 2024 OFSTED Inspection report published

14th July 2024

Dear Parent/Carer,

I am writing to inform you that we are pleased to announce that we have now received our OFSTED report from the inspection conducted in May of this year. The report is now available on our website by following the link below:

[Montgomery Academy OFSTED Report- May 2024.pdf](#)

If you cannot get this link to work, then navigate to the OFSTED page on our website at

<https://montgomeryschool.co.uk/Information/ofsted-report>

The overall effectiveness of the school was rated **Good**. The four individual judgement areas were rated as follows:

The quality of education	Good
Behaviour and attitudes	Good
Personal development	Good
Leadership and management	Good

This is pleasing recognition for all the school improvement work that has happened at Montgomery over the last 10 years since it was first placed in Special Measures in 2014. I am so proud of our staff, who work so hard to provide the best learning experience we can for our students. The report highlights how positive relationships between pupils and staff contribute to pupils feeling well cared for, safe and happy.

This would not have been possible without the high levels of parental support and trust given to us by our students' families. You will possibly have seen on our website, the excellent statistics for parental engagement over this academic year; we really appreciate it!

Our students themselves also deserve great credit. The report mentions how proud they are of the school and how keen they were to tell the inspectors how much the school had improved.

Please take the time to read the full report on our website. We are happy with the new rating for the school, though are still committed to continuing to raise standards even higher across the school.

Hopefully the good news for the school will be matched later on with good news for the England team!!

Kindest regards

Mr. Careless
Headteacher
