

Montgomery Academy Careers Vision Statement

Senior Vice Principal – Mrs C Montgomery

School Careers Lead – Mrs L Coultas

Independent Careers Adviser – Mr P Palfrey

“Aim high, be positive and be proud of all that you can achieve”

Careers describes a lifelong journey of employment, changing circumstances and continuous learning. At Montgomery Academy we are passionate and proud to help you start taking the first few steps to the rest of your life.

Whilst you are with us we hope to develop your skills so that you will be able to find the information you need and have the ability to make well informed, realistic and timely decision which will have a positive impact on your life. Transition is an exciting and often scary part of life but don't worry because you will have the skills to navigate your own life path.

At Montgomery Academy we want all of our students, without exception, to leave being able to be a positive ambassador of the Academy, going out into life and offering positive experiences to the world. Successful career choices will help you to do just that and our current alumni are a shining example of this.

We are blessed and proud to have started your journey with you and look forward to seeing where you fly when you leave the nest. Re-joining the Montgomery community as an alumni is a great way of sharing these future experiences of yours with us and the students who follow in the path you took.
