

Dear Parent / Carer,

As your son/daughter/ward approaches the end of their secondary school studies, we at Blackpool Sixth are extremely keen to support them in whatever way we can with the next exciting stage of their education and career.

Those students who have already applied to Blackpool Sixth will have received a lot of information and support from our admissions team to prepare them for starting their studies with us. We are pleased to say that we have a lot of further opportunities in the next few months to help them make an excellent transition.

The New Student Hub which can be accessed at <https://www.blackpoolsixth.ac.uk/newstudenthub/> provides all the key information they need about joining the college. It has a section for each subject we offer where students can find some preparation tasks and suggested reading/viewing to help give them the best possible start in these subjects.

In June and early July we have a series of New Student events, both online and onsite, to further assist students in making their subject choices and getting to know the extensive range of extra-curricular activities offered by Blackpool Sixth. The attached flier gives the details of these events. All applicants will be sent the details of how to take part in the online event and the link to sign up for the onsite New Student Open Day on Saturday 3rd July 10.30 - 1.30 pm.

Looking slightly further ahead to enrolment, we have published details of how we will enrol students this year on our website at <https://www.blackpoolsixth.ac.uk/enrolment/> We have designed the process to be as straightforward as possible, whilst still allowing for plenty of expert guidance and support to make sure that students embark on the right courses for their future success.

If your son/daughter/ward has not yet applied to Blackpool Sixth but would like to at least explore us as a possibility, please ask them to contact our admission team on 01253 394911 or admissions@blackpoolsixth.ac.uk where we will be delighted to help them with any questions they might have. We would strongly advise them to make an application to us quite urgently if they are at all interested in what we can offer them. This will ensure that they are included in our latest information through the summer period and can benefit from all the support we are putting in place to help them make the exciting step from school to college. They can apply here <https://apply.blackpoolsixth.ac.uk/>.

I would like to take this opportunity to wish your son/daughter/ward every success and happiness whatever direction they choose to take.

With warmest wishes,

Jill Gray
Principal
