**Break
Time**

CHALLENGE

House Dodgeball in the gym
for Year 7 and 8 and 11 at
break time

Due to year 10 using the
GYM on Tuesday Year 9 will
not have a house
competition this half term

Week Commencing	Challenge
17 th January 2022	Dodge Ball in the GYM Wednesday: Y8 (10:15-11:35) Thursday: Y7 & Y11 (10:15-11:35)

Half Term

CHALLENGE

This half term we are recycling old batteries- the house that recycles the most wins!

Battery recycle pots are located outside M Block dining room

Let's look at this week's story

The \$10bn (£7.45bn) James Webb Space Telescope, thought to be one of the most impressive and ambitious, has been sent into space on top of a huge rocket. On Christmas Day, scientists confirmed that the observatory, which has faced many delays, was operating well following a nerve-wracking lift-off. Described as a time machine by scientists, the telescope will allow astronomers to study the beginning of the universe shortly after the Big Bang, 13.8 billion years ago, and to hunt for signs of life-supporting planets in our own galaxy.

Learn more about this week's story [here](#).
Watch this week's useful video [here](#).
This week's Virtual Assembly [here](#).

Further questions for discussion

- > Do you think that knowing more about the universe's past can help us in the future? If so, how?
- > Do you think spending \$10bn on this research is a good use of money?
Explain your point of view.
- > What do you think we will find out from the telescope?

Individual liberty

We all have the right to learn about the universe if we choose to. The James Webb Space Telescope may help us discover more than we ever have before!
