FOR PARENTS OF CLOSE CONTACTS OF COVID 19 at Montgomery Academy

Year 10 – All of Population A students, plus some from Population B that will have been informed by a text message

Advice for Child to Self-Isolate for 14 Days

Dear Parent/Carer,

We have been advised by Public Health England that there has been a confirmed case of COVID-19 within your child's year group. (Year 10)

We have followed the national guidance and have identified that your child has been in close contact with the affected child. In line with the national guidance **your child should now stay at home and self-isolate until Monday 5th October 2020 and return to school on Tuesday 6th October 2020.**

We are asking you to do this to reduce the further spread of COVID 19 to others in the community.

If your child is well at the end of the 14 days period of self-isolation, then they can return to usual activities.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 14 day self-isolation period.

Please see the link to: Guidance for contacts of people with confirmed coronavirus (COVID-19) infection who do not live with the person

<https://www.gov.uk/government/publications/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person>

What to do if your child develops symptoms of COVID 19?

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

All other household members who remain well must stay at home and not leave the house for 14 days. This includes anyone in your 'Support Bubble'.

The 14-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 14 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able can, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period

Please see the link to the PHE 'Stay at Home' Guidance:

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

Symptoms of COVID 19

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

How to stop COVID-19 spreading?

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home

Inspiring Excellence Together

- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Further Information

Further information is available at

<https://www.nhs.uk/conditions/coronavirus-covid-19/>

Remote Learning

Please may we remind you that students can access remote learning via their unique year group Google Classroom code **which is in their planners**. Students will also need to use their school email address.

Year 10: qfiyeod

Further information on how to access and submit work is also on our website under the blue 'Remote Learning' tab. We urge parents to encourage as much engagement with this work as possible and submit their work so we can provide some feedback. The work set will align as closely as possible to what their peers are doing in school.

Should you be unable to access online work, please contact school tomorrow so that we can provide paper copies of work. For the remainder of this week paper copies of Core subjects will be provided and all subjects from next week. These will be posted out to you.

Yours sincerely

Mr Careless
Headteacher
