# Should we have a say in what we learn in school?

## British Values

9<sup>th</sup>-15<sup>th</sup> March

### Individual Liberty

If we feel strongly about something that affects us, there are different ways we can share our opinions with those who make decisions. Explaining our reasons can help bring about positive changes.

Joe Brindle, age 17 from Devizes School, is a founder member of Teach the Future. The group are recently formed and are taking their call for environment issues to be taught in schools as part of the curriculum to Parliament! Ministers have agreed that "it is vital that pupils are taught about climate change" but the group believe that schools are failing to prepare them for a climate emergency.

On Wednesday 4th March, the Teach the Future group took over Parliament's Terrace Pavilion to host a reception for MPs. The group, who work closely with the UK Student Climate Network, launched a draft English emergency education bill which embodies their key demands and proposed changes.
