

## Year 5 Home Learning Information

Here are a few ideas about what you can access whilst at home:

### Phonics Play

[www.phonicsplay.co.uk](http://www.phonicsplay.co.uk)

This may be aimed at a younger audience, but if your child finds spelling tricky, then this may prove to be a good tool to remind them about their phonics and how this helps with spelling.

Login using the following details -

Username: march20

Password: home

Alternatively there are other phonics apps which can be downloaded from the APP store to a device such as:

Read with phonics games

Jolly Phonics Lessons

Millie and Mike Phonic Street

Go explore from Cbeebies

Phonics Match

## Maths

On Facebook, if you follow 'Gareth Metcalfe Primary Maths', he is planning on holding live lessons starting from Monday 23<sup>rd</sup> March 9am for Year 3 and 4 and 10am for Years 5 and 6.

Tonight at 7:30 pm (19/03/20) he will be introducing himself via video to parents and children.

## White Rose Maths

<https://whiterosemaths.com/homelearning/>

They are launching sets of tutorials and resources to use at home. They are adding to this on a daily basis so please note that not all year groups are on there as yet.

## Maths Shed

They are offering a 14-day free trial - it is worth trying to sign up for this. It offers sample resources and web games but also doesn't do automatic renewal.

They also do a Mobile APP for £2.99 which I am going to try out today.

## Websites

BBC Bitesize

Khan Academy - Parents, Learners or Teachers can sign up for an account

letters-and-sounds.com

ictgames.com

sciencebob.com

nrich.maths.org

primary resources.co.uk

teaching ideas.co.uk

Go Noodle - exercise and mindfulness

Twinkl - it is currently free to access their resources

Exercise - Watch Just Dance Videos on Youtube
