Moorfield News

Responsibility Perseverance Compassion Thankfulness

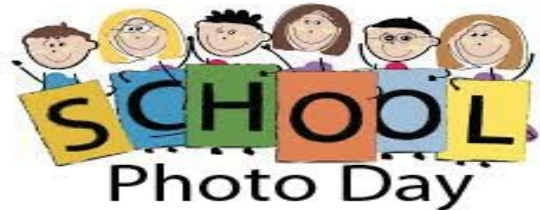

We will be collecting for the Wellspring Harvest Collection again this year. We will provide more information next week with regard to the harvest wish list from Wellspring as there are some items they are very short of at this time of year. Please don't send anything into school at the moment. We will be collecting the week of 11th October.

We raised a staggering £550 for the Macmillan Coffee Morning. An amazing amount. Thanks again to the whole Moorfield family for all your support.

Stockport County Community Trust are inviting school pupils aged 6-12 along to watch County's home games at Edgeley Park. The initiative, focuses on growing fan base and making live football accessible and affordable to next

generation of match-goers in the local community. You can apply for free tickets for the game v Aldershot on Saturday 9th October by following the link here www.stockportcounty.com/schoolsinitiative

For those who missed the photographs on Monday, we have an additional afternoon booked for Monday 18th October.

I've had a Moorfield parent share his concern about plans to build houses at Mirrlees Fields near to Stepping Hill Hospital. If this is something that concerns you then you can contact the planning department at the council. DC/081719.

Picture News *at Home*

4th October 2021
 What's going on this week?

Encouraging people to use buses more often is to be a central part of the Government's plan to reach net zero by 2050. Bus stops will be heated and have changing rooms and Wi-Fi in a bid to create eco-friendly park and rides for cyclists. They will also act as a focal point for cyclists, electric car drivers and rail commuters to switch easily between different modes of transport, with bosses calling the new stops mobility hubs.

Things to talk about at home...

-  Where is the nearest bus stop or train station to where you live? What is it like? Do you use it?
-  What is public transport like in your local area? What is your preferred type of transport?
-  Do you think mobility hubs will make more people use public transport? What would you like to see in them? E.g., shops, services, facilities etc.
