FLAG FOOTBALL

We were invited to take part in a flag football competition on Thursday. Flag football is the American football version of tag rugby where the aim is to pull flags out of the opponents waist band as opposed to tackling. This is the first time the children had ever played it and they came 2nd, qualifying for the regional tournament in Liverpool on the 19th May.

To top it off, Ollie also got the reward for respect and showed great sportsmanship. Well done to all the team.

Have a look at the poster on page 7.

AND FINALLY... GREATER MANCHESTER INDOOR ATHLETICS FINALS

Our indoor athletes represented Stockport earlier in the week and came a respectful 15th place. Well done to all the boys and girls. Representing the borough of Stockport was in itself a brilliant achievement.

Have a great weekend.

Best wishes,

TAKEHOME

24th - 30th March

In the news this week

World leaders from around twenty countries are creating a group or 'coalition'. According to UK Prime Minister, Sir Keir Starmer, they will work together to support Ukraine. Their collective aim is to end the war between Ukraine and Russia. The new group setup follows a difficult meeting between Ukraine's President, Volodymyr Zelensky, and US President, Donald Trump. The two leaders argued, and the meeting ended without a solution.

Things to talk about at home ...

- Share your knowledge of world leaders and talk to others at home about theirs.
- In your opinion, how important is it for world leaders to work together? In what areas do you think they need to work together?
- What about their role in helping other countries - do you feel this is always important?

Do world leaders have a duty to help other countries?

What Parents & Educators Need to Know about STREAMERS

WHAT ARE THE RISKS?

INAPPROPRIATE CONTENT

Some gaming streamers will stick to family-friendly titles, but others will play more violent games that tend to be more popular. Non-gaming streamers could, in theory, discuss just about anything, and some streamers will often stream in revealing outfits.

NEGATIVE INFLUENCES

While things have improved, streamers are often paid by companies to promote products, and this isn't always stated explicitly. While it's unlikely these goods will be harmful to your child, some streamers and influencers have engaged (knowingly or not) in scams in the past.

FINANCIAL HARM

Streamers will often have donation buttons on their screens for users to submit money. What can start as small amounts can quickly spiral as streamers engage with paying viewers more often, potentially leading to financial issues.

UNREALISTIC EXPECTATIONS

Influencers often showcase how glamorous their lives are, making some users feel as though they are lesser. However, it's important to stress that, in many ways, this is an act, or at the very least, not common. Logan Paul, who has been successful as a streamer and influencer, has a Pokemon card worth \$5 million, but this is atypical of anyone working in the medium.

MISINFORMATION

Streamers are, in many ways, just like us - and they can get things wrong or reel off an opinion without having thought about it. Some can simply say awful things to get a rise out of viewers or to sway them to their side of a hot topic.

ADDICTION AND SCREEN TIME

If your child is watching a lot of a particular streamer, it can be just as damaging to their social life as playing too many video games.

Advice for Parents & Educators

EXPLAIN HOW STREAMING WORKS

For a younger viewer, being a streamer or influencer seems aspirational, but it involves a lot of work and no small degree of good fortune. Streamers are often managed and unable to speak freely due to sponsors, and influencers are just that - influencing young minds, for better or for worse.

CHECK OUT STREAMING PLATFORMS

While Twitch was the de facto streaming service for years, YouTube has gained popularity, too. Then there are Kick and Rumble, which have grown in popularity with moves for big-name streamers - despite many being dogged by controversy.

DO NOT LOG PAYMENT INFORMATION

Streamers can reward donations with additional content, on-camera "shout outs" and more. If you're unsure about who or what your child is watching, consider avoiding linking payment information. This is especially notable with Twitch, which is owned by Amazon and therefore has some crossover.

SET SCREEN TIME LIMITS

You can set screentime limits for mobile apps on iOS and Google, but with other platforms like a PC it may be more difficult to keep tabs. Consider checking in regularly to ensure your children aren't watching content they shouldn't be.
