SUNNY TIMES AHEAD

The forecast for the coming week is looking sunny and warm.

It has been very warm today on the playgrounds so please think about applying sun cream to your child before school and sending them with a cap or hat.

Let's hope this lovely weather continues into the bank holiday weekend next week!

CAREERS WEEK

We are having a careers week in July. We would love for our school community to get involved. If you could spare a bit of time to share your profession with our pupils and inspire them to explore exciting futures then please follow the QR code below.

TEAMWORK COURAGE RESPECTABILITY
Moorfield Primary School

MOORFIELD PRIMARY SCHOOL CAREERS WEEK!

Inspire Our Future Leaders! We Need You!
MONDAY 6TH JULY - FRIDAY 10TH JULY

**SHARE YOUR PROFESSION,
YOUR PASSION, YOUR STORY!**

**HELP OUR PUPILS EXPLORE
EXCITING OPPORTUNITIES!**

SCAN THE CODE TO VOLUNTEER!
SIGN UP VIA THE QR CODE & HELP SHAPE A BRIGHT FUTURE.

BIKEABILITY

Year 5 have been involved in Bikeability this week. Weather wise we couldn't have picked a better week!

Well done to all the children, as they have improved their skills of safely riding a bike on the roads of Hazel Grove. The instructors commented on how well mannered the children were and their positive attitude to the training.

We still have some Year 5s who will be completing this cycling proficiency on Monday and Tuesday next week.

YEAR 2 TRIP TO STAIRCASE HOUSE

Year 2 travelled back in time to experience The Great Fire of London without leaving Stockport!

The Year 2 trip to Staircase House was a fabulous, immersive day and a fantastic opportunity to consolidate their learning in history.

TOGETHER TRUST FESTIVAL

Join Together Festival is an accessible family fun day on the Together Trust site in Cheadle. The ticket includes access to the festival grounds where you'll find plenty of free activities (such as animal petting, archery, axe throwing, play areas, arts and crafts, and performances) as well as food and drink, funfair rides, and a market zone with local makers.

Early Bird tickets are available until the 31st May with an exclusive 10% off tickets and an entry into our prize draw to win a Shark Ninja AirFryer! After this date, tickets will be at full price.

Further information is found on the link below which is also how you will be able to purchase tickets as well as the QR code on the poster:

[Join Together Festival - Together Trust](#)

There is also a promotional video to give you a feel of what the day has to offer:

TAKEHOME

27th April - 3rd May

What is the best way to support people who need extra help?

In the news this week

New AI-supported glasses to help people with dementia or memory problems have won a £1 million prize. The glasses, made by the company CrossSense, can recognise objects and show labels or give spoken instructions to help people remember what things are and what to do. They use an AI assistant that learns how each person lives and adapts to their needs over time. Early tests show these glasses could help wearers feel more confident and independent in their daily lives.

Things to talk about at home ...

- > Share your overall opinion on the glasses, do you think they are a good idea?
- > In your opinion, is it better for people to get help from technology or from other people? Why?
- > How might these glasses make someone feel more confident or independent?
- > What technology do you use at home to help you? How does it help?

Please note any interesting thoughts or comments

At The National College, our WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. Formerly delivered by National Online Safety, these guides now address wider topics and themes. For further guides, hints and tips, please visit nationalcollege.com.

What Parents & Educators Need to Know about YOUTUBE

WHAT ARE THE RISKS?

Almost anyone with an internet connection knows about YouTube. The Google-owned platform allows users to upload and share videos globally, making it a readily accessible resource with free content on almost any topic. However, with over 20 million videos uploaded each day, not all material is suitable for younger audiences.

INAPPROPRIATE CONTENT

YouTube is free and can be accessed across multiple device types, even without an account. While some videos are marked as 'age restricted', this relies on uploader honesty and automated moderation, meaning children and young people may still encounter unsuitable content if these measures aren't taken.

CONNECTING WITH STRANGERS

YouTube includes social features such as comments and direct messaging. This means young users can interact with people they don't know, potentially exposing them to inappropriate language, cyberbullying, or unwanted contact. Young content creators may be especially vulnerable.

TRENDS AND CHALLENGES

Popular trends and challenges can be entertaining and widely shared. While many are harmless, some can be risky or harmful if copied. For example, the 'salt and ice challenge' has caused injuries when imitated.

SUGGESTED CONTENT

YouTube recommends videos based on what a user has previously watched. While this can enhance the experience, it may also encourage binge-watching and excessive screen time, particularly when Autoplay is enabled. Without an account, users are shown trending videos, which are not always age appropriate.

EXPOSURE TO EXTREME CONTENT

The platform's algorithm often promotes content that attracts high engagement, which can sometimes include videos containing extreme viewpoints, misinformation, or risky behaviour. As children and young people watch more of this content, similar videos are likely to be recommended by YouTube's algorithm, therefore reinforcing the exposure.

SHORT-FORM CONTENT IMPACT

YouTube Shorts – short, fast-paced videos – are designed for continuous viewing. This style of content can be highly engaging but may also contribute to increased screen time and difficulties with maintaining focus over longer periods.

Advice for Parents & Educators

CONSIDER YOUTUBE KIDS

YouTube Kids can help reduce young users' exposure to unsuitable content by filtering videos into age groups, such as preschool, younger, and older children. However, as moderation is automated, it should be used alongside active supervision.

CHECK PRIVACY SETTINGS

If a child in your care uploads content, consider setting videos to Private or Unlisted so they are only shared with trusted viewers. Disabling comments can also help reduce unwanted interaction from strangers.

USE PARENTAL CONTROLS

Google Family Link allows adults to filter content, monitor usage, and manage younger users' screen time. Supervised Accounts offer a gradual step up from YouTube Kids, enabling children to explore the platform with appropriate safeguards.

WATCH TOGETHER

Spending time watching YouTube with the children and young people in your care can help you understand what they enjoy and guide your conversations about content. Tools like Downtime in Family Link can also help limit unsupervised viewing.

Meet Our Expert

Alan Martin is an experienced technology journalist who has written for publications including Wired, TechRadar, Tom's Guide, The Evening Standard and The New Statesman.
