

Moorfield News

Responsibility Perseverance Compassion Thankfulness

Unfortunately, due to a number of children in Year 6 being absent this week, the announcement of Head pupils has been delayed. This will be shared as soon as possible.

COVID-19 INFORMATION AND UPDATES

We have had a Covid outbreak in 6HT and the class are now working as a bubble separate to the rest of KS2. We all know the Coronavirus is still out there and the rate is very high in Stockport. Apart from this class our positive cases are very low across the school, showing that our measures are working at this moment in time. However please continue to socially distance as much as is possible and the wearing of masks is encouraged.

Parent Governor Vacancies APPLY NOW!

A reminder that we need three new parent governors at Moorfield. If you are interested in joining the school Governing Body, there was an email that was sent out on Monday which you can refer to for more information.

SCHOOL Photo Day

We will be having individual photographs on Monday 27th September. We will be allowing sibling photographs to take place, but unfortunately these will only be with those who are in school. We will not be able to include any brothers or sisters from the Moorfield pre-school, or younger children from home. Sorry about this, but we still have to be mindful of keeping the school building as Covid safe as is possible.

WORLD'S BIGGEST COFFEE MORNING
MACMILLAN CANCER SUPPORT

Thank you to all the school community that made cakes to sell for the Macmillan Coffee Morning and thank you to the many of you that bought them. We have raised over £300 thus far through both the cake sale and the online Just Giving page.

HEALTHY FOOD

A reminder in KS2 that break time snacks should be fruit only. We have noticed a number of children eating crisps and other savoury or sweet snacks on the playground. If you would like your child to have a healthy snack at breaktime then please send them with a piece of fruit.

at Home

27th September 2021

What's going on this week?

It is estimated that people in Britain are sending over 1.6 billion non-biodegradable face masks to landfill every single month, according to research conducted by shopping comparison site, finder.com. To reduce this, a new scheme has been introduced in Brighton and Hove to recycle face masks and other personal protective equipment (PPE). Special bins have been installed to reduce the amount of PPE litter, which is used to make more bins and other plastic items.

Things to talk about at home...

- 🧑‍🤝‍🧑 Which face masks have you seen people using?
- 🧑‍🤝‍🧑 Would you know where to recycle disposable face masks? Is there anywhere in your local area?
- 🧑‍🤝‍🧑 Overall, do you think cloth masks or disposable (if recycled) masks are better to use?
