## AUTISM IN SCHOOLS PROJECT

For those of you interested in the autism project we are involved in, there are upcoming coffee mornings for parents and carers from 9am-11am on the following dates:

9th May

22nd May

26th June

10th July

Please speak to our Inclusion Lead Mr Swire if you require any further information.

## FOOTBALL TEAM

Our boys and girls teams played at Neville Road Juniors this week and results were mixed. The girls battled hard but unfortunately lost 3-1 after scoring a wonderful goal that was disallowed! The boys won 4-2 in a game that ebbed and flowed throughout. Well done to both teams.

## CROSS COUNTRY TEAM

Norbury Hall Primary School held the cross country event this year and our team had a fantastic time. The Year 5/6 boys won the team event and Noah from Year 3 came third in the individual event and earned himself a bronze medal! Well done to all the children who represented the school so magnificently.

## SCHOOL UNIFORM

School uniform with our new school logo is now available to purchase in preparation for September if you wish to purchase uniform from our approved supplier. Please speak to Mrs Robinson in the school office if you require any further information.

## TAKEHOME

## In the news this week

Stef Reid MBE, a former Paralympian medal-winner who represented Canada and Great Britain, is asking Nike and other sportswear companies to start selling individual trainers to single-leg amputees. The request comes after noticing the company using mannequins with running blades to promote its products in shops. Stef has said that by refusing to sell single shoes, Nike is not living up to its values of diversity and inclusion. In a video viewed over 3 million times, Reid said she was thrilled to be shown photos of mannequins in Nike stores with running blades wearing a single shoe.

### Things to talk about at home ...

- Do you believe all sportswear companies should sell single shoes to single-leg amputees? Ask others at home to share their thoughts.
- Can you think of any shops or businesses that take action to celebrate diversity?

Please note any interesting thoughts or comments

# What Parents & Educators Need to Know about SHOPPING PLATFORMS

For people looking to make purchases on their phones, several shopping apps – such as Temu – allow users to buy goods at reduced prices. Others, like Vinted and Depop, let you sell items you no longer want. As internet shopping continues to grow, however, so does the risk of scammers, hackers and breaches of privacy.

## WHAT ARE THE RISKS?

### MISSING ITEMS

Users of Vinted, Depop and Temu have reported not receiving their products despite payment being taken. Users can initially contact the seller to query a missing item, and they have between two and five days (depending on the app) to tell the company what has happened. However, once the money has reached the supposed 'seller', it can be quite difficult to get back.

### SCAMMERS AND PHISHING

Scammers are always on the lookout for unsuspecting buyers or sellers. Common tactics include cancelling shipment of an item once the payment has been processed or asking to conclude the chat and payment outside of the app, where the victim is no longer protected by the buyer protection plan. This should, naturally, be avoided at all costs.

### DATA MISUSE

Apps of all kinds frequently collect our data, often asking for more information than is necessary to set up an account. Data gathered in this way is then usually sold on to third parties for marketing purposes. Lately, certain apps have been under scrutiny for using spyware to track their members' activities – but all too often, the user's consent to this practice has been hidden away in the terms and conditions.

### FAKES OR REPLICAS

It's certainly not unheard of for poor-quality products to be falsely marketed as luxury items, using misleading pictures or clever wording. These disingenuous sales are sometimes outed by suspiciously low price tags, but this isn't always the case. For children and young people especially, there's a risk that the promise of bagging a high-end item for a fraction of its usual price will outweigh any suspicions they may have.

### SLOW REFUNDS

While all apps offer a refund if the product is damaged or doesn't match the description, it can take up to a month to be compensated for this. For many people (especially during a cost-of-living crisis) that can be a long time to be without both the product you bought and the hard-earned cash you spent on it.

### MISLEADING DESCRIPTION

Some people will be able to notice when, say, a product's photo and its description don't seem to match. This isn't a reliable means of picking up on misleading marketing, however – especially not for children and young people, many of whom may not yet realise that such practices even exist. While it's illegal to advertise one thing and sell another, plenty of shady traders use clever wording and omissions to get around this.

## Advice for Parents & Educators

### ALWAYS STAY ON THE APP

It's vital that users pay for any goods through the same app on which they found them, to ensure they are covered by buyer protection. This means users can access support if the item arrives damaged, isn't as described, or doesn't arrive at all – allowing them to seek compensation for the loss. Such regulations can't protect you, however, if you didn't do the deal through the app in question.

### BE WARY OF PHISHING ATTEMPTS

Scammers frequently send messages within these apps to steal personal and financial information from other users. Don't respond to these messages – and under no circumstances should you follow any links they contain. Check for spelling errors, as well as inspecting the name of the sender. Report any suspected phishing emails to the app's help centre – and notify your bank if you think your financial information has been compromised.

### CHECK REVIEWS

Take time to read the reviews and comments left by other users – not just of products, but of sellers and buyers, to ensure they're legitimate and reliable. Before buying an item online, check the reviews for comments about the product's quality, the seller's communication and the delivery time. If you're selling, check the reviews of your buyer for red flags such as frequent requests for refunds or claims of 'missing' items.

### KEEP SAFE AS A SELLER

Sellers can be exploited just as much as buyers. Some users may purchase an item, for example, then pretend it didn't arrive to secure a refund. Always take photos of the shipping label, along with a picture of you posting the item. Send the package's tracking number to the buyer and keep a copy for yourself, letting you investigate any future claims that it never arrived. When taking photos of items you're selling, ensure nothing personal is in the background.
