

Pupil Premium Allocation 2024/25

What is the Pupil Premium?

The pupil premium is a grant given to schools for each child who currently claims free school meals or who has done so in the last 6 years – EVER6

A message to Parents and Carers

It is really important that all parents/carers of children eligible for free school meals register themselves even if they prefer to continue to send their child with a packed lunch. The grant for registering for free school meals (FSM) enables school to provide invaluable extra resources and support for your child's education.

Research has shown that in some cases children who have been on/ are on free school meals do not attain as highly as other children in school. This appears to be very unfair. The government therefore provide this grant so that we can commission/allocate additional support to ensure that they do.

The support can be short term (booster sessions to focus on a specific area for development) or long term such as one term or two terms (to focus on a major area for development). It may take the form of 1-1 or small group teaching and may be an evidence based intervention. There is also support for the higher ability children giving them opportunities to work at greater depth and to accelerate learning.

At Moorfield all of the intervention programmes that we utilise are evidence based and demonstrate impact.

The government allows us to spend this money in a variety of ways as long as it impacts positively on children in terms of improving their literacy and mathematical skills and their social and emotional well-being and happiness.

The following information outlines the amount of funding we have received and how we intend to spend it this academic year.

<i>Total number of pupils on roll</i>	396
<i>Amount of PP received per pupil</i>	£1455
Pupil Premium Grant	£59,510
B/F 2023/24	£3,424
Total amount of PP received	£62,894

At the start of the 2024/25 school year there were 31 pupils in receipt of Pupil Premium which was 8% of the school population (396 pupils).

Our current 8% of pupils in school in receipt of Pupil Premium is well below the National average of 25% and well below the LA average of 24%

The table below outlines the number of pupils supported within each current year group who receive the Pupil Premium Grant.

Year group	Number of Children in Year Group	Number of Children in receipt of PP	PP %
Reception	48	1	2%
Year 1	55	2	4%
Year 2	59	1	2%
Year 3	55	7	13%
Year 4	58	3	5%
Year 5	57	5	9%
Year 6	64	13	20%
Totals	396	32	8%

Numbers taken from October 2024 Census

Barriers to learning

The following information highlights the issues within our school community which impact on the lives of the families we serve.

Findings from Confidential Report – Community Issues Autumn 2019 updated Spring 2022 - Band A (most deprived) – Band J (least deprived)

IDACI (Income Deprivation Affecting Children Index)

- 233 pupils (56%) / 235 pupils (58%) in the least deprived bands I-J – however there is a change from the majority of these being in band J to now being in band I
- However our school community has low income affecting 93 pupils (22%) / 98 pupils (24%) in the five most deprived bands A-E. Research has shown pupils living in high deprivation areas can suffer from:
 - pressure not to extend education
 - poor housing and opportunities
 - negative influences over a range of health and social issues

IMD (Index of Multiple Deprivation (Overall))

- 220 pupils (53%) / 135 pupils (34%) of our pupil come from the least deprived area nationally – Band J
- 85 children (20%) / 92 children (24%) fall into the four most deprived bands with 62 children (15%) / 72 children (18%) in Band D.

- **Barriers to Housing and Services – physical and financial accessibility ‘geographical barriers’ (proximity of local services) and ‘wider barriers’ (affordable housing).**
Our pupils have few barriers to housing and services
- **Crime – personal and material victimisation at a local level.**
Crime levels are similar nationally across all deprivation bands
- **Education, Skills and Training – attainment and skills in the local population.**
- 37 children (9%) / 35 children (9%) in bands A-D come from families with limited education and skills. Aspiration is key to these pupils being inspired by education and improving their life chances. Support with homework (including reading and other basic skills) may also be a barrier
- **Employment – working age population in the local area.**
Although the school has low levels of pupil premium, 88 pupils (21%) / 80 pupils (20%) in bands A-D come from families with low employment. Identifying pupils entitled to PP is essential in ensuring an accurate picture for the school demographic, as well as an increased PP budget to support pupil wellbeing and aspiration

- **Income – low income families in the local population.**
83 pupils (20%) / 91 pupils (23%) in bands A-D come from low income households and although not pupil premium these pupils may come from homes where a lack of finance is impacting on clothing and equipment, cost of school trips/events and longer term educational aspiration
- **Health and Disability – impairment of quality of life through poor physical or mental health.**
118 pupils (28%) / 148 pupils (37%) in bands A-D come from households where there are health needs and pupils themselves have poor nutrition or social and emotional needs. School absence can be a particular problem and some pupils may be acting as young carers
- **Living Environment – quality of ‘indoor’ (housing) and ‘outdoor’ (air quality/traffic accidents).**
76 pupils (18%) / 103 (25%) in bands A-D live in low quality housing and/or in built up urban areas with high levels of air pollution. This can lead to health issues and a high risk to pupil’s safety.

We therefore ensure our Pupil Premium allocation is spent to support children and families to improve social and emotional well-being, to develop spoken language, to address behavioural needs and to give wider opportunities and experiences to broaden and enhance their understanding of the world. This ultimately impacts positively on academic progress and allows pupils to close the gap between them and their peer

Moorfield Primary Pupil Premium Strategy Statement 2024/25

Summary information					
School	Moorfield Primary School		PP per pupil	£1455	
Academic Year	2024/25	Total PP budget	£62,894	Date of most recent PP Review	September 2024

A - Barriers to future attainment
In-school barriers (<i>issues to be addressed in school</i>)
Gap between vulnerable pupils and non-vulnerable pupils with regard to Literacy and Numeracy skills
Spoken language and communication
Upskilling staff to support intervention and diminishing differences
B - External barriers (<i>issues to be addressed in school which also require action outside of school</i>)
Stockport Council Business Intelligence Team
<ul style="list-style-type: none"> Total of 15 pupils living in 25% most deprived areas 4% of the total number attending the school
IDACI (Income Deprivation Affecting Children Index 2022)
<ul style="list-style-type: none"> Low income affecting 98 pupils (24%) in the five most deprived bands A-E (up by 5 pupils and 2% from 2019)
IMD (Index of Multiple Deprivation Overall 2022)
<ul style="list-style-type: none"> 92 children (23%) fall into the four most deprived bands (up by 7 pupils and 3% from 2019) with 72 children (18%) in Band D (up by 10 pupils and 3% from 2019)
These factors can impact on:
Social and emotional wellbeing

Access to a wide range of experiences and extended learning opportunities

Attendance and Punctuality

Addressing the barriers to learning: Summary of planned allocation of Pupil Premium 2024-25

	Priority Actions	Approach	Cost	Desired Outcome
A	Learning support for PP pupils with basic literacy skills including spoken language	Dedicated time weekly provided by two HLTA's (4 days) to support PP basic skills Specific interventions used - Lexia, Language link, Speech link	£20501	<ul style="list-style-type: none"> All pupils identified and supported Pupils progress discussed at PP meetings Teachers and TA's supported with intervention strategies to support learning Families supported with home learning and regular school contact to provide advice and support
B	Targeted social and emotional interventions and also the offer of pastoral care to families. This ensures pupils are able to focus on learning and make academic progress	Pastoral Teaching Assistant who provides specialised and tailored social & emotional support to vulnerable pupils ELSA delivering emotional literacy 2 days per week 1-1 providing specialised and tailored social & emotional support to vulnerable pupils Play Therapy Teacher providing specialised and tailored social and emotional support 1-1	£17241 £7868 £16504	<ul style="list-style-type: none"> To address issues identified by class teachers/SLT in pupil progress meetings to follow up and consolidate To allow for 1-1, small group sessions for targeted support To build the confidence and resilience in vulnerable learners To work with pupils and families to build on work at home/school To see clear progress in a reduction of negative behaviours in line with the behaviours for learning policy

Monitoring Strategy	Date of review
Inclusion Lead analyses the end of year data and evaluates the impact of the strategy	End of academic year
Senior Leadership Team agree to strategy for the forthcoming year based on previous PP evidence	End of academic year
Final pupil progress meetings of the academic year identify pupils targeted for support in September	End of academic year
Half termly/termly pupil progress meetings identify the impact and progress of individual pupils	Half termly/termly
Each term the Inclusion Lead provides a report to be presented to the Governors. This identifies the quality of provision, the impact it is having and future areas for development/improvement	Termly
Attendance rates are closely tracked along with pupil progress and attainment and followed up where necessary	On-going -SIP target
