Responsibility Perseverance Compassion Thankfulness

## Parent Questionnaire

The MHA met recently and we start the countdown to our Christmas Fair which is taking place on Friday 13th December. As ever we need your help in supporting this event. On Friday next week, 29th November we are holding a non-uniform day and asking children to bring chocolate in to school. Thank you in advance for your support.

Thank you for the many questionnaires we received and the comments and suggestions on how we can make the school a better place. Interestingly, some of you mentioned 'creativity' as an area you feel we could develop. We will look further into how we can do this with a piece of work the staff will be working on around curriculum over the next few months.

## Network Rail

Not only has it been Road Safety Week but the children have also been watching and discussing a video produced by Network Rail. Due to the very high level of trespassing on the tracks by young people in our local area, Network Rail in partnership with Learn Live is raising awareness to children across the UK educating them about the dangers of the train tracks through interactive digital delivery. The session is led by a safety manager from Network Rail and explains in less than 15 minutes why it is important to stay safe near the tracks. You can view the video here <https://learnliveuk.com/network-rail-primary-school-safety-talk/>

What's going on this week?

Broadclyst Community Primary School in Exeter has an average class size of 42 and is home to one of the biggest primary aged classes in the UK with a Year 6 class of 63 pupils! The school is known for its forward-thinking approach and good use of technology. The large Year 6 class are taught in a modern lecture-theatre style room where each child has their own digital device as a learning aid.

Things to talk about at home...

- 🌱 Talk about how many children are in your class, ask any adults you live with how many children were in their classes when they were at school. Were the class sizes bigger or smaller?
- 🌱 Discuss the benefits of big class sizes and smaller class sizes.
- 🌱 Share your thoughts about the layout of the Year 6 classroom at Broadclyst (shown in the poster above). How is it similar or different from your classroom?
