Responsibility Perseverance Compassion Thankfulness

Thank you to all the parents who came to watch the children at the arena on Wednesday evening. The children had a great night and their energy and singing was amazing. They kept singing all the way home on the coach too! We had tired but happy children arriving on Thursday morning. We hope you enjoyed it as much as we did. We also have another 'gig' coming up. We will be singing at the Town Hall the Thursday evening of March 26th. Details to follow next week. We hope as many children as possible will join us. Thank you from the YV team

What's going on this week?

A virus named the coronavirus has started to spread from China. Previously, it had never been seen in humans before and it is spreading more widely to different parts of the world. It's called a coronavirus because, under the microscope, it looks like lots of little crowns. It is thought the outbreak started in Wuhan, China. The virus is a respiratory virus, which means it can affect people's breathing and lungs. Like a cold, it can be spread by coughing and sneezing. Governments around the world are starting to take action to contain it. In the UK, the risk is considered low and people, who fly into airports here from affected areas, are being checked out.

Things to talk about at home...

- Who helps you when you feel ill?
- Do you feel it's all of our responsibility to stop our illnesses from spreading?
- Do you think countries should be banning travel to help stop the coronavirus from spreading?
