at Home

9th March 2020

What's going on this week?

Joe Brindle, age 17 from Devizes School, is a founder member of Teach the Future. The group are recently formed and are taking their call for environment issues to be taught in schools as part of the curriculum to Parliament! Ministers have agreed that "it is vital that pupils are taught about climate change" but the group believe that schools are failing to prepare them for a climate emergency.

Things to talk about at home...

- Which are your favourite subjects at school? Talk about what you like about them.
- Ask people at home who are older or younger what their favourite subjects are. Were there any different subjects mentioned?
- Are there any new subjects that you think should be taught? Explain why.
