Activity / Intervention	Cost	Timescale / Continuation	How is it monitored / impact
Communication and Language support worker employed as an additional staff member to work with targeted groups on a daily basis. Children are supported in all areas of learning but with a particular focus on Communication and Language.	£4,906	Interventions take place daily. Children are grouped according to their particular need.	Impact is monitored through data analysis at the end of each assessment cycle. This data will be compared with a child's on-entry data to measure attainment and the progress made.  The quality of these interventions will also be monitored through observation.
'Can Do Music' programme. All EYFS staff have been trained in a specialist music programme which supports development in each of the Prime Areas of learning. Resources have been purchased to enable delivery of these sessions in the setting.	£350.00	'Can Do Music' sessions take place on a weekly basis with resources integrated into continuous provision and some focus groups.	Impact is monitored through data analysis at the end of each assessment cycle. This data will be compared with a child's on-entry data to measure attainment and the progress made.  The quality of these interventions will also be monitored through observation.  S. Mann, the 'Can Do Music' training provider to make one termly visit to help us evaluate the impact and provide further support where necessary.
Total Cost	£5,256.00
