

# RELIGIOUS EDUCATION

## Vision & Aims

At Moorthorpe, RE will help us to explore life's big questions.

Our RE curriculum aims to ensure that all pupils will:

- ask and attempt to answer challenging questions about meaning and purpose in life
- consider issues of right and wrong
- agree and disagree respectfully with different worldviews
- weigh up the value of wisdom from varied sources and develop and express their insights in response
- gain and deploy the skills needed to understand, interpret and evaluate a range of texts and evidence
- articulate clearly and coherently their personal beliefs
- have a knowledge of common religious symbols and representations
- meet a wide variety of people from different backgrounds
- visit and appreciate religious buildings, old and new
- develop a global outlook, engaging with a curiosity about a world beyond their own horizons

## High-quality provision for all

Thriving children. Engaged parents. Skilled staff. Remarkable outcomes.
