

## Year 1 Homework – Term 2

Here are some ideas to complete for homework this term. You don't have to do them all, pick something that interests you.

When you have finished a piece of homework you could send it to us on Class Dojo (You can upload documents as well as photos) Alternatively, you could bring your work in for us to see and we will share our work on Tuesday 17th December.

- Our values this term is Peace. Design and make a dove of Peace. You could draw or paint or use collage or even make a model!
- In Maths we are learning about addition and subtraction. Make your own shop at home and practice buying items and working out change.
  - Use your Numbots log in to practice your number bonds too.
- Create a poster about Florence Nightingale or Mary Seacole. Tell everyone what amazing things they did.
- Can you be like Florence Nightingale and look after a poorly teddy? How could you help your teddy? Do they need a rest? A bandage? Please take some photos and upload on Dojo
- In Science we are learning about our senses. Can you take/draw a picture of different things you can smell, taste, hear, see and touch? Can you use any adjectives to describe them?
  - In PE we are learning about how exercise is important. Can you do some exercise to make you feel happy and healthy? Need any ideas – you could always copy a Joe Wicks online workout for children.
- In Art we are learning about Abstract Art. Could you create your own piece of Abstract art? Will it have different shapes? Different colours? Have lots of fun and then describe what you like and don't like about your work.
  - Keep reading every day and practicing your spellings.
