

English

For English this term, we are going to be using the text 'The Man Who Walked Between the Towers' and the animation 'El Caminante' to inspire our writing for the term. Our text is based on the real-life story of Philippe Petit and is an exciting and interesting read.

Art

Our art this term will involve creating printing blocks to create a piece of Greek inspired artwork using our printing blocks. We will also be focussing on ancient Greek architecture and designing our piece of artwork based on The Parthenon.

Design Technology

This term in DT we will be looking at food and cooking. We will have a go at carefully and hygienically preparing some Greek inspired food and tasting it!

Music

In music, we are going to be continuing our clarinet lessons. We will build on our learning from last term, playing a variety of notes and short sections of music. We will be working towards the end of year Music concert shortly.

Maths

This term in maths we will be learning fractions, decimals and percentages at the start of the term and then progressing onto looking at length, mass and capacity towards the end of term 4.

Religious Education

In RE this term, we are going to be looking at the question 'How significant is it for Christians to believe God intended Jesus to die?'. We will be exploring this question ahead of Easter.

Year 5
Term 4

Physical Development

This term in PE we will be playing football and gymnastics. We will be working with JJ on our dribbling, passing and shooting skills in football and balances and routines in gym.

History

History will be all about The Ancient Greeks this term. We will look at the Ancient Greek civilisation, what life was like in Ancient Greece, Greek Gods and Goddesses and the origins of the Olympics amongst other interesting things.

Geography

This term in geography we are going to be looking at geographical similarities and differences between the UK, Greece and then finally comparing these two countries to America. We will also use atlases to locate different countries in Europe and cities within them.

PSHE

In PSHE this term we will be continuing our unit of work on making choices and exploring how we can ensure that we can make the right choices to help us throughout our lives.

Computing

Computing this term will be focused around Databases. We will begin by looking into making our own databases on paper and determining key vocabulary such as record, field and group. We will then work on creating our own using appropriate software.

Science

For science this term we will be learning about properties and changes to materials. We will look at different properties of materials and how materials can change. We will be conducting lots of fun experiments as part of science this term to help explore these changes of materials.
