

### English

For English this term, we are going to be using the text 'The Wolves in the Walls' by Neil Gaiman. This is a picture book, compared to a previous Neil Gaiman chapter book that we have used (Coraline). We will use this to inform a variety of writing opportunities.

### Religious Education

In RE this term, we are going to be exploring and answering the question 'What is the best way for a Sikh to show commitment to God?'

### History

This term in history we will be looking at Crime and Punishment. We will explore how crimes and their punishments have developed over time, starting with The Romans, and finishing up with The Victorians.

### Geography

In geography this term we are going to be focussing on the UK. We will explore cities, counties and regions that make up the UK. We will then look at human and physical characteristics, what these are and what these could be in Britain.

### Design Technology

Our DT work this term will be focussed around creating medal. We will be using wood to make our medals and will practise sawing and sanding to create our final piece. The children will then evaluate their medal at the end of the unit.

### Art

For our art this term we are going to be looking at the artist Monet. We are going to be exploring impressionism and using oil pastels to do this.

### Music

This term in music, both classes will continue with clarinet lessons with our clarinet teacher. We will be learning how to play different songs at varied speeds. We will also be having singing assemblies weekly, learning new songs.

### Maths

This term in maths we have a big unit on calculating fractions. We will be looking at converting between mixed numbers and improper fractions, adding fractions, subtracting fractions, and multiplying fractions.

## CRIME and PUNISHMENT

**Year 5**  
**Term 5**

### Physical Development

This term, both classes will be learning fitness and athletics. Children will learn how to run whilst keeping their stamina up and will have a go completing different athletic activities, ready for sports day.

### PSHE

PSHE this term will be finishing off our learning this term about making choices and which choices are good choices, which are bad choices and consequences of bad choices.

### Computing

This term in computing, we will be looking at vector drawings. We will learn how to use different drawing tools to create images. We will be layering and grouping shapes, lines and objects to create a complex piece of work. We will be using the google drawing app to do this.

### Science

For science this term, we will be looking at animals including humans. We will learn about the stages of the human life cycle, gestation periods and life expectancies and create a booklet about all these stages of the human lifecycle and presenting them.
