

### English

Throughout Term 6, we will be refining and mastering our writing skills by writing different texts around World War 2. Having already learnt plenty about this in Term 5, we will now be writing newspaper reports and formal war speeches to apply our learning from throughout the year.

In Guided Reading, we will continue studying, 'The Boy in the Striped Pyjamas' and delving into the differences in the times, beliefs and prejudices present in the book.

### Art

In Art we will be creating WW2 pieces using foam boards and ink for printing. We will look into layering colour and perfecting our imprints to create an effective look.

### DT

For DT, we will be using our electrical knowledge to adapt model aircraft by placing lights onto the wings. We will also be looking at how to safely store food and using this, will create own rations menu that would have been suitable in WW2. Both will be finalised with an evaluation.

### Physical Development

This term, the children we learning how to play rounders and volleyball. They will also refine their athletic skills in preparation for Sports Day.

### Music

In Music this term, Year 6 will be preparing their songs for the KS2 Music Extravaganza show in June.

### Maths

In Maths this term, we will also be mastering and refining our learning from the past year. We will be completing different investigations each day, usually working in groups or pairs, with activities that require the children to explore with number, shape, algebra, time and the four operations. We will be developing teamwork skills and communication at the same time as finalising our learning.

### History

Our History topic this term underpins the majority of our lessons. We will be studying more about World War 2, The Holocaust and The Blitz. We will look at different sources such as text and images to understand the events that took place.

### Geography

In Geography, we are looking into natural and man-made resources. We will learn about how they are transported and used throughout the UK and across the world.

### PSHE

In PSHE, we will be following the JIGSAW Scheme of work as usual and will be looking into the topic of Changing Me. This will include the statutory RSE lessons where the children learn about their changing bodies, developing relationships with others and their place in an ever changing society.

### Computing

For our Computing topic this term we will be using a programme to create our own website. The children will look at different types of website examples and consider how their presentation is linked to their purpose. They will then work in groups to create their own based on a theme of their choice.

### Science

In Science, we will continue our learning on light. Investigating how light travels, how we are able to see as well as how colour and shadows are made. The children will continue to use their knowledge of a fair and conclusive test to collect data and make conclusions.
