

English:

Choose one room in your house. Write a paragraph which describes that room. Use powerful adjectives and similes to help.

PE:

Practise your throwing, catching and striking skills at home. How high can you throw a ball before catching it?

Science:

Using both your hands, investigate what shadow shapes you can make. Think about how the shadows were formed.

History:

You will have a Victorian experience day on Thursday 11th July. Write a recount of that day.

PSHE:

Write a list of people that you respect. Write, also, why you respect them.

French:

Create a poster of French words and phrases you have learnt in Year 3.

Victorians

RE:

Create an information sheet about Hindus. Type or write it into your home learning book.

Music:

Choose a Music extravaganza song and perform it in front of your family. Ask your family to write down what they thought of it.

Maths

Make up a question of your own and create a pictogram or a bar chart to show the results.

Year 3
Home learning
Summer Term 6
2024

Computing:

How many different ways can you design a sprite? When you have designed a few, choose your favourite one!

Art:

Do some printing using a cut potato. What different shapes and patterns can you make?

DT:

Follow a recipe at home and make something delicious. Take photos to share.
