

English:

Write a diary entry as if you are an explorer on an expedition in Antarctica. You need to include a surprising twist and any of the skills we have practiced so far.

PE:

Have a go at creating your own dance routine to show in class. This could be on your own, or in a pair/group.

Science:

Research an animal of your choice. Create a food chain around that animal and use the correct terminology to label it. Include some details on how it has adapted to survive in its habitat.

Geography:

Complete a fact file about how we are protecting Antarctica and how it is being preserved. Include pictures and explanations as to why.

PHSE:

Write down a list of your goals and ambitions and how you may achieve them. Include challenges that you may want to overcome with a timescale of when you want to achieve it.

Maths:

Create a colour by number sheet where each number is a sum. The sums need to be multiplication, addition and subtraction sentences.

Complete your weekly times table workout homework book ready for every Friday.

Frozen Antarctica

Year 4
Homework Web
2024

DT:

Create a 3D Antarctica scene using cardboard and paper and any other materials you have at home. Include some animals that live there.

French:

Draw a picture of yourself and label it with the correct French vocabulary and adjectives.

Music:

Listen to the sounds around your area, this can be in your house or in a field. What can you hear? Note it down on a piece of paper.

Computing:

Design a program using 2Code on Purple Mash that writes your name. This should include all the commands we have learnt including repeat functions.

RE:

Practice meditating by sitting quietly and taking deep breaths. Before you do, write down how you feel at that moment. After you have meditated, write down how you feel now.
